

Article 31.

The School Budget and Fiscal Control Act.

Part 1. General Provisions.

§ 115C-422. Short title.

This Article may be cited as "The School Budget and Fiscal Control Act." (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-423. Definitions.

The words and phrases defined in this section have the meanings indicated when used in this Article, unless the context clearly requires another meaning:

- (1) "Budget" is a plan proposed by a board of education for raising and spending money for specified school programs, functions, activities, or objectives during a fiscal year.
- (2) "Budget resolution" is a resolution adopted by a board of education that appropriates revenues for specified school programs, functions, activities, or objectives during a fiscal year.
- (3) "Budget year" is the fiscal year for which a budget is proposed and a budget resolution is adopted.
- (4) "Fiscal year" is the annual period for the compilation of fiscal operations. The fiscal year begins on July 1 and ends on June 30.
- (5) "Fund" is an independent fiscal and accounting entity consisting of cash and other resources together with all related liabilities, obligations, reserves, and equities which are segregated by appropriate accounting techniques for the purpose of carrying on specific activities or attaining certain objectives in accordance with established legal regulations, restrictions or limitations.
- (6) "Vending facilities" has the same meaning as it does in G.S. 111-42(d), but also means any mechanical or electronic device dispensing items or something of value or entertainment or services for a fee, regardless of the method of activation, and regardless of the means of payment, whether by coin, currency, tokens, or other means. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1983 (Reg. Sess., 1984), c. 1034, s. 167; 2006-203, s. 34.)

§ 115C-424. Uniform system; conflicting laws and local acts superseded.

It is the intent of the General Assembly by enactment of this Article to prescribe for the public schools a uniform system of budgeting and fiscal control. To this end, all provisions of general laws and local acts in effect as of July 1, 1976, and in conflict with the provisions of this Article are repealed except local acts providing for the levy or for the levy and collection of school supplemental taxes. No local act enacted or taking effect after July 1, 1976, may be construed to modify, amend, or repeal any portion of this Article unless it expressly so provides by specific reference to the appropriate section. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

Part 2. Budget.

§ 115C-425. Annual balanced budget resolution.

(a) Each local school administrative unit shall operate under an annual balanced budget resolution adopted and administered in accordance with this Article. A budget resolution is balanced when the sum of estimated net revenues and appropriated fund balances is equal to

appropriations. Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget year. The budget resolution shall cover one fiscal year.

(b) It is the intent of this Article that all moneys received and expended by a local school administrative unit should be included in the school budget resolution. Therefore, notwithstanding any other provisions of law, after July 1, 1976, no local school administrative unit may expend any moneys, regardless of their source (including moneys derived from federal, State, or private sources), except in accordance with a budget resolution adopted pursuant to this Article.

(c) Subsection (b) of this section does not apply to funds of individual schools, as defined in G.S. 115C-448. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1993, c. 179, s. 1.)

§ 115C-426. Uniform budget format.

(a) The State Board of Education, in cooperation with the Local Government Commission, shall cause to be prepared and promulgated a standard budget format for use by local school administrative units throughout the State.

(b) The uniform budget format shall be organized so as to facilitate accomplishment of the following objectives: (i) to enable the board of education and the board of county commissioners to make the local educational and local fiscal policies embodied therein; (ii) to control and facilitate the fiscal management of the local school administrative unit during the fiscal year; and (iii) to facilitate the gathering of accurate and reliable fiscal data on the operation of the public school system throughout the State.

(c) The uniform budget format shall require the following funds:

- (1) The State Public School Fund.
- (2) The local current expense fund.
- (3) The capital outlay fund.

In addition, other funds may be used to account for reimbursements, including indirect costs, fees for actual costs, tuition, sales tax revenues distributed using the ad valorem method pursuant to G.S. 105-472(b)(2), sales tax refunds, gifts and grants restricted as to use, trust funds, federal appropriations made directly to local school administrative units, municipal appropriations made directly to local school administrative units under G.S. 160A-700, and funds received for prekindergarten programs. In addition, the appropriation or use of fund balance or interest income by a local school administrative unit shall not be construed as a local current expense appropriation included as a part of the local current expense fund.

Each local school administrative unit shall maintain those funds shown in the uniform budget format that are applicable to its operations.

(d) The State Public School Fund shall include appropriations for the current operating expenses of the public school system from moneys made available to the local school administrative unit by the State Board of Education.

(e) The local current expense fund shall include appropriations sufficient, when added to appropriations from the State Public School Fund, for the current operating expense of the public school system in conformity with the educational goals and policies of the State and the local board of education, within the financial resources and consistent with the fiscal policies of the board of county commissioners. These appropriations shall be funded by revenues accruing to the local school administrative unit by virtue of Article IX, Sec. 7 of the Constitution, moneys made available to the local school administrative unit by the board of county commissioners,

supplemental taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to 115C-511, State money disbursed directly to the local school administrative unit, and other moneys made available or accruing to the local school administrative unit for the current operating expenses of the public school system.

- (f) The capital outlay fund shall include appropriations for:
- (1) The acquisition of real property for school purposes, including but not limited to school sites, playgrounds, athletic fields, administrative headquarters, and garages.
 - (2) The acquisition, construction, reconstruction, enlargement, renovation, or replacement of buildings and other structures, including but not limited to buildings for classrooms and laboratories, physical and career and technical educational purposes, libraries, auditoriums, gymnasiums, administrative offices, storage, and vehicle maintenance.
 - (3) The acquisition or replacement of furniture and furnishings, instructional apparatus, data-processing equipment, business machines, and similar items of furnishings and equipment.
 - (4) The acquisition of school buses as additions to the fleet.
 - (5) The acquisition of activity buses and other motor vehicles.
 - (6) Such other objects of expenditure as may be assigned to the capital outlay fund by the uniform budget format.

The cost of acquiring or constructing a new building, or reconstructing, enlarging, or renovating an existing building, shall include the cost of all real property and interests in real property, and all plants, works, appurtenances, structures, facilities, furnishings, machinery, and equipment necessary or useful in connection therewith; financing charges; the cost of plans, specifications, studies, reports, and surveys; legal expenses; and all other costs necessary or incidental to the construction, reconstruction, enlargement, or renovation.

No contract for the purchase of a site shall be executed nor any funds expended therefor without the approval of the board of county commissioners as to the amount to be spent for the site; and in case of a disagreement between a board of education and a board of county commissioners as to the amount to be spent for the site, the procedure provided in G.S. 115C-431 shall, insofar as the same may be applicable, be used to settle the disagreement.

Appropriations in the capital outlay fund shall be funded by revenues made available for capital outlay purposes by the State Board of Education and the board of county commissioners, supplemental taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to 115C-511, the proceeds of the sale of capital assets, the proceeds of claims against fire and casualty insurance policies, and other sources.

(g) Other funds shall include appropriations for such purposes funded from such sources as may be prescribed by the uniform budget format. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2010-31, s. 7.17(a); 2013-355, s. 2(a); 2017-57, s. 7.23H(h); 2018-5, s. 38.8(f).)

§ 115C-426.1. Vending facilities.

Moneys received by a local school administrative unit on account of operation of vending facilities shall be deposited, budgeted, appropriated, and expended in accordance with the provisions of this Article. (1983 (Reg. Sess., 1984), c. 1034, s. 168.)

§ 115C-426.2. Joint planning.

In order to promote greater mutual understanding of immediate and long-term budgetary issues and constraints affecting public schools and county governments, local boards of education and boards of county commissioners are strongly encouraged to conduct periodic joint meetings during each fiscal year. In particular, the boards are encouraged to assess the school capital outlay needs, to develop and update a joint five-year plan for meeting those needs, and to consider this plan in the preparation and approval of each year's budget under this Article. (1995 (Reg. Sess., 1996), c. 666, s. 2.)

§ 115C-427. Preparation and submission of budget and budget message.

(a) Before the close of each fiscal year, the superintendent shall prepare a budget for the ensuing year for consideration by the board of education. The budget shall comply in all respects with the limitations imposed by G.S. 115C-432.

(b) The budget, together with a budget message, shall be submitted to the board of education not later than May 1. The budget and budget message should, but need not, be submitted at a formal meeting of the board. The budget message should contain a concise explanation of the educational goals fixed by the budget for the budget year, should set forth the reasons for stated changes from the previous year in program goals, programs, and appropriation levels, and should explain any major changes in educational or fiscal policy. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-428. Filing and publication of the budget; budget hearing.

(a) On the same day that he submits the budget to the board of education, the superintendent shall file a copy of it in his office where it shall remain available for public inspection until the budget resolution is adopted. He may also publish a statement in a newspaper qualified under G.S. 1-597 to publish legal advertisements in the county that the budget has been submitted to the board of education, and is available for public inspection in the office of the superintendent of schools. The statement should also give notice of the time and place of the budget hearing authorized by subsection (b) of this section.

(b) Before submitting the budget to the board of county commissioners, the board of education may hold a public hearing at which time any persons who wish to be heard on the school budget may appear. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-429. Approval of budget; submission to county commissioners; commissioners' action on budget. [Effective until June 30, 2023]

(a) Upon receiving the budget from the superintendent and following the public hearing authorized by G.S. 115C-428(b), if one is held, the board of education shall consider the budget, make such changes therein as it deems advisable, and submit the entire budget as approved by the board of education to the board of county commissioners not later than May 15, or such later date as may be fixed by the board of county commissioners. At the time of submission of the budget, the board of education shall also submit to the board of county commissioners in writing the academic performance of the schools in the local school administrative unit, including the school performance grades of each school, any schools identified as low-performing or continually low-performing or included on the Innovative School District qualifying, watch, or warning list, and efforts by the local board of education to improve those identified schools' performance. The local board of education shall present the academic performance information at a public meeting upon the request of the board of commissioners.

(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the local school administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format.

(c) The board of county commissioners shall have full authority to call for, and the board of education shall have the duty to make available to the board of county commissioners, upon request, all books, records, audit reports, and other information bearing on the financial operation of the local school administrative unit.

(d) Nothing in this Article shall be construed to place a duty on the board of commissioners to fund a deficit incurred by a local school administrative unit through failure of the unit to comply with the provisions of this Article or rules and regulations issued pursuant hereto, or to provide moneys lost through misapplication of moneys by a bonded officer, employee or agent of the local school administrative unit when the amount of the fidelity bond required by the board of education was manifestly insufficient.

(e) A local board of education may request appropriations directly from a city, as authorized by G.S. 160A-700. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2018-5, s. 38.8(g); 2019-248, s. 1(b).)

§ 115C-429. Approval of budget; submission to county commissioners; commissioners' action on budget. [Effective June 30, 2023]

(a) Upon receiving the budget from the superintendent and following the public hearing authorized by G.S. 115C-428(b), if one is held, the board of education shall consider the budget, make such changes therein as it deems advisable, and submit the entire budget as approved by the board of education to the board of county commissioners not later than May 15, or such later date as may be fixed by the board of county commissioners. At the time of submission of the budget, the board of education shall also submit to the board of county commissioners in writing the academic performance of the schools in the local school administrative unit, including the school performance grades of each school, any schools identified as low-performing or continually low-performing, and efforts by the local board of education to improve those identified schools' performance. The local board of education shall present the academic performance information at a public meeting upon the request of the board of commissioners.

(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the local school administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format.

(c) The board of county commissioners shall have full authority to call for, and the board of education shall have the duty to make available to the board of county commissioners, upon request, all books, records, audit reports, and other information bearing on the financial operation of the local school administrative unit.

(d) Nothing in this Article shall be construed to place a duty on the board of commissioners to fund a deficit incurred by a local school administrative unit through failure of the unit to comply with the provisions of this Article or rules and regulations issued pursuant hereto, or to provide

moneys lost through misapplication of moneys by a bonded officer, employee or agent of the local school administrative unit when the amount of the fidelity bond required by the board of education was manifestly insufficient.

(e) A local board of education may request appropriations directly from a city, as authorized by G.S. 160A-700. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2018-5, s. 38.8(g); 2019-248, s. 1(b); 2021-180, s. 7.14(n).)

§ 115C-430. Apportionment of county appropriations among local school administrative units.

If there is more than one local school administrative unit in a county, all appropriations by the county to the local current expense funds of the units, except appropriations funded by supplemental taxes levied less than countywide pursuant to a local act of G.S. 115C-501 to 115C-511, must be apportioned according to the membership of each unit. County appropriations are properly apportioned when the dollar amount obtained by dividing the amount so appropriated to each unit by the total membership of the unit is the same for each unit. The total membership of the local school administrative unit is the unit's average daily membership for the budget year to be determined by and certified to the unit and the board of county commissioners by the State Board of Education. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1985 (Reg. Sess., 1986), c. 1014, s. 78.)

§ 115C-431. Procedure for resolution of dispute between board of education and board of county commissioners.

(a) If the board of education determines that the amount of money appropriated to the local current expense fund, or the capital outlay fund, or both, by the board of county commissioners is not sufficient to support a system of free public schools, the chairman of the board of education and the chairman of the board of county commissioners shall arrange a joint meeting of the two boards to be held within seven days after the day of the county commissioners' decision on the school appropriations.

Prior to the joint meeting, the Senior Resident Superior Court Judge shall appoint a mediator unless the boards agree to jointly select a mediator. The mediator shall preside at the joint meeting and shall act as a neutral facilitator of disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the boards' differences.

At the joint meeting, the entire school budget shall be considered carefully and judiciously, and the two boards shall make a good-faith attempt to resolve the differences that have arisen between them.

(b) If no agreement is reached at the joint meeting of the two boards, the mediator shall, at the request of either board, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement.

Unless otherwise agreed upon by both boards, the following individuals shall constitute the two working groups empowered to represent their respective boards during the mediation:

- (1) The chair of each board or the chair's designee;
- (2) The superintendent of the local school administrative unit and the county manager or either's designee;
- (3) The finance officer of each board; and
- (4) The attorney for each board.

Members of both boards, their chairs, and representatives shall cooperate with and respond to all reasonable requests of the mediator to participate in the mediation. Notwithstanding Article 33C of Chapter 143 of the General Statutes, the mediation proceedings involving the two working groups shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. Reports by members of either working group to their respective boards shall be made in compliance with Article 33C of Chapter 143 of the General Statutes.

Unless both boards agree otherwise, or unless the boards have already resolved their dispute, the mediation shall end no later than August 1. The mediator shall have the authority to determine that an impasse exists and to discontinue the mediation. The mediation may continue beyond August 1 provided both boards agree. If both boards agree to continue the mediation beyond August 1, the board of county commissioners shall appropriate to the local school administrative unit for deposit in the local current expense fund a sum of money sufficient to equal the local contribution to this fund for the previous year.

If the working groups reach a proposed agreement, the terms and conditions must be approved by each board. If no agreement is reached, the mediator shall announce that fact to the chairs of both boards, the Senior Resident Superior Court Judge, and the public. The mediator shall not disclose any other information about the mediation. The mediator shall not make any recommendations or public statement of findings or conclusions.

The local board of education and the board of county commissioners shall share equally the mediator's compensation and expenses. The mediator's compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes.

(b1) If agreement is not reached in mediation on the amount of money appropriated to the local current expense fund, and the amount to be appropriated has not been calculated pursuant to this subsection for longer than the prior year, the sum to be appropriated for the budget year in dispute shall be calculated as follows:

- (1) The amount of moneys appropriated to the local current expense fund by the board of county commissioners in the prior fiscal year that are expended in that year by the local school administrative unit or transferred as required by G.S. 115C-75.10, 115C-218.105, 115C-238.70, and 116-239.11 shall be divided by the sum of the following: the average daily membership of the local school administrative unit plus the share of the average daily membership of any innovative, charter, regional, or laboratory school whose students reside in the local school administrative unit for the prior school year.
- (2) The amount from subdivision (1) of this subsection, rounded to the nearest penny, shall then be multiplied by the sum of one plus the twelve month percent change in the second quarter Employment Cost Index for elementary and secondary school workers as reported by the Federal Bureau of Labor Statistics.
- (3) The amount from subdivision (2) of this subsection, rounded to the nearest penny, shall then be multiplied by the sum of the following: the allotted average daily membership for the school year plus the share of the average daily membership of any innovative, charter, regional, or laboratory school whose

students reside in the local school administrative unit for the budget year in dispute.

The board of county commissioners shall appropriate to the local current expense fund the sum from subdivision (3) of this subsection, rounded to the nearest penny, to the local board of education for the budget year in dispute.

(b2) If agreement is not reached in mediation, and the amount to be appropriated has been calculated pursuant to subsection (b1) of this section to the local current expense fund for the prior two years, the sum to be appropriated for the budget year in dispute shall be calculated as follows:

- (1) The amount of moneys appropriated to the local current expense fund by the board of county commissioners in the prior fiscal year that are expended in the prior fiscal year by the local school administrative unit and transferred as required by G.S. 115C-75.10, 115C-218.105, 115C-238.70, and 116-239.11 shall be divided by the sum of the following: the average daily membership plus the share of the average daily membership of any innovative, charter, regional, or laboratory school whose students reside in the local school administrative unit for the prior school year.
- (2) The twelve month percent change in the second quarter Employment Cost Index for elementary and secondary school workers as reported by the Federal Bureau of Labor Statistics shall be increased by three percent (3%).
- (3) The amount from subdivision (1) of this subsection, rounded to the nearest penny, shall then be multiplied by the sum of one plus the sum from subdivision (2) of this subsection, rounded to the nearest penny.
- (4) The amount from subdivision (3) of this subsection shall then be multiplied by the sum of the following: the allotted average daily membership for the school year plus the share of the average daily membership of any innovative, charter, regional, or laboratory school whose students reside in the local school administrative unit for the budget year in dispute.

The board of county commissioners shall appropriate to the local current expense fund the sum from subdivision (4) of this subsection, rounded to the nearest penny, to the local board of education for the budget year in dispute.

(b3) Neither the local board of education nor the board of county commissioners shall file any legal action challenging the determination as to the funds to be appropriated by the board of county commissioners to the local current expense fund in accordance with the formulas found in subsections (b1) and (b2) of this section.

(c) Within five days after an announcement of no agreement on the amount of money to be appropriated to the capital outlay fund by the mediator, the local board of education may file an action in the superior court division of the General Court of Justice. Either board has the right to have the issues of fact tried by a jury. When a jury trial is demanded, the cause shall be set for the first succeeding term of the superior court in the county, and shall take precedence over all other business of the court. However, if the judge presiding certifies to the Chief Justice of the Supreme Court, either before or during the term, that because of the accumulation of other business, the public interest will be best served by not trying the cause at the term next succeeding the filing of the action, the Chief Justice shall immediately call a special term of the superior court for the county, to convene as soon as possible, and assign a judge of the superior court or an emergency judge to hold the court, and the cause shall be tried at this special term. The judge shall find, or if the issue is submitted to the jury, the jury shall find the amount of money legally necessary from the

board of county commissioners to provide the local school administrative units with buildings suitably equipped, as required by G.S. 115C-521, in order to maintain a system of free public schools as defined by State law and State Board of Education policy. In making the finding, the judge or the jury shall consider the educational goals and policies of the State and the local board of education, the budgetary request of the local board of education, the financial resources of the county and the local board of education, and the fiscal policies of the board of county commissioners and the local board of education.

All findings of fact in the superior court, whether found by the judge or a jury, shall be conclusive. When the facts have been found, the court shall give judgment ordering the board of county commissioners to appropriate a sum certain to the local school administrative unit for the amount of money to be appropriated to the capital outlay fund and to levy such taxes on property as may be necessary to make up this sum when added to other revenues available for the purpose.

(d) An appeal from the judgement entered as provided in subsection (c) of this section may be taken to the appellate division of the General Court of Justice, and notice of appeal shall be given in writing within 10 days after entry of the judgment. All papers and records relating to the case shall be considered a part of the record on appeal. The conclusion of the school or fiscal year shall not be deemed to resolve the question in controversy between the parties while an appeal is still pending. Any final judgment shall be legally binding on the parties at the conclusion of the appellate process. The payment of any final judgment by the county in favor of the local school administrative unit shall not be considered, or used in any manner, to deny or reduce appropriations to the local school administrative unit by the county in fiscal years subsequent to the one at issue to offset such payment of a final judgment.

(e) If, in an action filed under subsection (c) of this section, the final judgment of the General Court of Justice is rendered after the due date prescribed by law for property taxes, the board of county commissioners is authorized to levy such supplementary taxes as may be required by the judgment, notwithstanding any other provisions of law with respect to the time for doing acts necessary to a property tax levy. Upon making a supplementary levy under this subsection, the board of county commissioners shall designate the person who is to compute and prepare the supplementary tax receipts and records for all such taxes. Upon delivering the supplementary tax receipts to the tax collector, the board of county commissioners shall proceed as provided in G.S. 105-321.

The due date of supplementary taxes levied under this subsection is the date of the levy, and the taxes may be paid at par or face amount at any time before the one hundred and twentieth day after the due date. On or after the one hundred and twentieth day and before the one hundred and fiftieth day from the due date there shall be added to the taxes interest at the rate of two percent (2%). On or after the one hundred and fiftieth day from the due date, there shall be added to the taxes, in addition to the two percent (2%) provided above, interest at the rate of three-fourths of one percent (3/4 of 1%) per 30 days or fraction thereof until the taxes plus interest have been paid. No discounts for prepayment of supplementary taxes levied under this subsection shall be allowed. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1989, c. 493, s. 2; 1995 (Reg. Sess., 1996), c. 666, s. 3; 1997-222, s. 1; 2007-92, s. 1; 2013-141, s. 1; 2018-83, s. 1.)

§ 115C-432. The budget resolution; adoption; limitations; tax levy; filing.

(a) After the board of county commissioners has made its appropriations to the local school administrative unit, or after the appeal procedure set out in G.S. 115C-431 for the capital outlay fund has been concluded, the board of education shall adopt a budget resolution making

appropriations for the budget year in such sums as the board may deem sufficient and proper. The budget resolution shall conform to the uniform budget format established by the State Board of Education.

(b) The following directions and limitations shall bind the board of education in adopting the budget resolution:

- (1) If the county budget ordinance allocates appropriations to the local school administrative unit pursuant to G.S. 115C-429(b), the school budget resolution shall conform to that allocation. The budget resolution may be amended to change allocated appropriations only in accordance with G.S. 115C-433.
- (2) Subject to the provisions of G.S. 115C-429(d), the full amount of any lawful deficit from the prior fiscal year shall be appropriated.
- (3) Contingency appropriations in a fund may not exceed five percent (5%) of the total of all other appropriations in that fund. Each expenditure to be charged against a contingency appropriation shall be authorized by resolution of the board of education, which resolution shall be deemed an amendment to the budget resolution, not subject to G.S. 115C-429(b) and 115C-433(b), setting up or increasing an appropriation for the object of expenditure authorized. The board of education may authorize the superintendent to authorize expenditures from contingency appropriations subject to such limitations and procedures as it may prescribe. Any such expenditure shall be reported to the board of education at its next regular meeting and recorded in the minutes.
- (4) Sufficient funds to meet the amounts to be paid during the fiscal year under continuing contracts previously entered into shall be appropriated.
- (5) The sum of estimated net revenues and appropriated fund balances in each fund shall be equal to appropriations in that fund.
- (6) No appropriation may be made that would require the levy of supplemental taxes pursuant to a local act or G.S. 115C-501 to 115C-511 in excess of the rate of tax approved by the voters, or the expenditure of revenues for purposes not permitted by law.
- (7) In estimating revenues to be realized from the levy of school supplemental taxes pursuant to a local act or G.S. 115C-501 to 115C-511, the estimated percentage of collection may not exceed the percentage of that tax actually realized in cash during the preceding fiscal year, or if the tax was not levied in the preceding fiscal year, the percentage of the general county tax levy actually realized in cash during the preceding fiscal year.
- (8) Amounts to be realized from collection of supplemental taxes levied in prior fiscal years shall be included in estimated revenues.
- (9) No appropriation may be made to or from the capital outlay fund to or from any other fund, except as permitted by G.S. 115C-433(d).

(c) If the local school administrative unit levies its own supplemental taxes pursuant to a local act, the budget resolution shall make the appropriate tax levy in accordance with the local act, and the board of education shall notify the county or city that collects the levy in accordance with G.S. 159-14.

(d) The budget resolution shall be entered in the minutes of the board of education, and within five days after adoption, copies thereof shall be filed with the superintendent, the school

finance officer and the county finance officer. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1987 (Reg. Sess., 1988), c. 1025, s. 13; 1993, c. 57, s. 1; 2018-83, s. 2.)

§ 115C-433. Amendments to the budget resolution; budget transfers.

(a) Subject to the provisions of subsection (b) of this section, the board of education may amend the budget resolution at any time after its adoption, in any manner, so long as the resolution as amended continues to satisfy the requirements of G.S. 115C-425 and 115C-432.

(b) If the board of county commissioners allocates part or all of its appropriations pursuant to G.S. 115C-429(b), the board of education must obtain the approval of the board of county commissioners for an amendment to the budget that (i) increases or decreases expenditures from the capital outlay fund for projects listed in G.S. 115C-426(f)(1) or (2), or (ii) increases or decreases the amount of county appropriation allocated to a purpose or function by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the board of county commissioners: Provided, that at its discretion, the board may in its budget ordinance specify a lesser percentage, so long as such percentage is not less than ten percent (10%).

(c) The board of education may by appropriate resolution authorize the superintendent to transfer moneys from one appropriation to another within the same fund, subject to such limitations and procedures as may be prescribed by the board of education or State or federal law or regulations. Any such transfers shall be reported to the board of education at its next regular meeting and shall be entered in the minutes.

(d) The board of education may amend the budget to transfer money to or from the capital outlay fund to or from any other fund, with the approval of the board of county commissioners, to meet emergencies unforeseen and unforeseeable at the time the budget resolution was adopted. When such an emergency arises, the board of education may adopt a resolution requesting approval from the board of commissioners for the transfer of a specified amount of money to or from the capital outlay fund to or from some other fund. The resolution shall state the nature of the emergency, why the emergency was not foreseen and was not foreseeable when the budget resolution was adopted, what specific objects of expenditure will be added or increased as a result of the transfer, and what objects of expenditure will be eliminated or reduced as a result of the transfer. A certified copy of this resolution shall be transmitted to the board of county commissioners for (its) approval and to the boards of education of all other local school administrative units in the county for their information. The board of commissioners shall act upon the request within 30 days after it is received by the clerk to the board of commissioners or the chairman of the board of commissioners, after having afforded the boards of education of all other local school administrative units in the county an opportunity to comment on the request. The board of commissioners may either approve or disapprove the request as presented. Upon either approving or disapproving the request, the board of commissioners shall forthwith so notify the board of education making the request and any other board of education that exercised its right to comment thereon. Upon receiving such notification, the board of education may proceed to amend the budget resolution in the manner indicated in the request. Failure of the board of county commissioners to act within the time allowed for approval or disapproval shall be deemed approval of the request. The time limit for action by the board of county commissioners may be extended by mutual agreement of the board of county commissioners and the board of education making the request. A budget resolution amended in accordance with this subsection need not comply with G.S. 115C-430. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-434. Interim budget.

In case the adoption of the budget resolution is delayed until after July 1, the board of education shall make interim appropriations for the purpose of paying salaries and the usual ordinary expenses of the local school administrative unit for the interval between the beginning of the fiscal year and the adoption of the budget resolution. Interim appropriations so made and expended shall be charged to the proper appropriations in the budget resolution. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

Part 3. Fiscal Control.

§ 115C-435. School finance officer.

Each local school administrative unit shall have a school finance officer who shall be appointed or designated by the superintendent of schools and approved by the board of education, with the school finance officer serving at the pleasure of the superintendent. The duties of school finance officer may be conferred on any officer or employee of the local school administrative unit or, upon request of the superintendent, with approval by the board of education and the board of county commissioners, on the county finance officer. In counties where there is more than one local school administrative unit, the duties of finance officer may be conferred on any one officer or employee of the several local school administrative units by agreement between the affected superintendents with the concurrence of the affected board of education and the board of county commissioners. The position of school finance officer is hereby declared to be an office that may be held concurrently with other appointive, but not elective, offices pursuant to Article VI, Sec. 9, of the Constitution. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-436. Duties of school finance officer.

- (a) The school finance officer shall be responsible to the superintendent for:
 - (1) Keeping the accounts of the local school administrative unit in accordance with generally accepted principles of governmental accounting, the rules and regulations of the State Board of Education, and the rules and regulations of the Local Government Commission.
 - (2) Giving the preaudit certificate required by G.S. 115C-441.
 - (3) Signing and issuing all checks, drafts, and State warrants by the local school administrative unit, investing idle cash, and receiving and depositing all moneys accruing to the local school administrative unit.
 - (4) Preparing and filing a statement of the financial condition of the local school administrative unit as often as requested by the superintendent, and when requested in writing, with copy to the superintendent, by the board of education or the board of county commissioners.
 - (5) Performing such other duties as may be assigned to him by law, by the superintendent, or by rules and regulations of the State Board of Education and the Local Government Commission.

All references in other portions of the General Statutes or local acts to school treasurers, county treasurers, or other officials performing any of the duties conferred by this section on the school finance officer shall be deemed to refer to the school finance officer.

(b) The State Board of Education has authority to issue rules and regulations having the force of law governing procedures for the disbursement of money allocated to the local school administrative unit by or through the State. The Local Government Commission has authority to

issue rules and regulations having the force of law governing procedures for the disbursement of all other moneys allocated or accruing to the local school administrative unit. The State Board of Education and the Local Government Commission may inquire into and investigate the internal control procedures of a local school administrative unit with respect to moneys under their respective jurisdictions and may require any modifications in internal control procedures which may be necessary or desirable to prevent embezzlements or mishandling of public moneys.

(c) Upon receipt of a report from the North Carolina Teachers' and State Employees' Retirement System, generated pursuant to G.S. 135-8(f)(2)f., containing a list of employees for whom the local board of education made a contribution to the North Carolina Teachers' and State Employees' Retirement System that is likely to require an additional employer contribution should the employee elect to retire in the following 12 months, the school financial officer shall transmit a copy of the report to the local board of education. The school financial officer shall also notify the board of county commissioners of the county in which the local administrative unit is located that the report was received and the number of employees listed in the report. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2017-128, s. 4(a).)

§ 115C-437. Allocation of revenues to the local school administrative unit by the county.

Revenues accruing to the local school administrative unit by virtue of Article IX, Sec. 7, of the Constitution and taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to 115C-511 shall be remitted to the school finance officer by the officer having custody thereof within 10 days after the close of the calendar month in which the revenues were received or collected. The clear proceeds of all penalties and forfeitures and of all fines collected for any breach of the penal laws of the State, as referred to in Article IX, Sec. 7 of the Constitution, shall include the full amount of all penalties, forfeitures or fines collected under authority conferred by the State, diminished only by the actual costs of collection, not to exceed ten percent (10%) of the amount collected. Revenues appropriated to the local school administrative unit by the board of county commissioners from general county revenues shall be made available to the school finance officer by such procedures as may be mutually agreeable to the board of education and the board of county commissioners, but if no such agreement is reached, these funds shall be remitted to the school finance officer by the county finance officer in monthly installments sufficient to meet its lawful expenditures from the county appropriation until the county appropriation to the local school administrative unit is exhausted. Each installment shall be paid not later than 10 days after the close of each calendar month. When revenue has been appropriated to the local school administrative unit by the board of county commissioners from funds which carry specific restrictions binding upon the county as recipient, the board of commissioners must inform the local school administrative unit in writing of those restrictions. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1985, c. 779.)

§ 115C-438. Provision for disbursement of State money.

(a) The deposit of money in the State treasury to the credit of local school administrative units shall be made in monthly installments, and additionally as necessary, at such time and in such a manner as may be most convenient for the operation of the public school system. Before an installment is credited, the school finance officer shall certify to the State Board of Education the expenditures to be made by the local school administrative unit from the State Public School Fund during the month. This certification shall be filed on or before the fifth day following the end of the month preceding the period in which the expenditures will be made. The State Board of Education

shall determine whether the moneys requisitioned are due the local school administrative unit, and upon determining the amount due, shall cause the requisite amount to be credited to the local school administrative unit. Upon receiving notice from the State Treasurer of the amount placed to the credit of the local school administrative unit, the finance officer may issue State warrants up to the amount so certified.

Upon notification by the Board of Trustees of the Teachers' and State Employees' Retirement System to the State Treasurer and the Office of State Budget and Management as to the default of the local school administrative unit, the State Board of Education shall withhold from any State appropriation due to the local school administrative unit an amount equal to the sum of all delinquent contributions and payments due to the Retirement Systems Division and shall transmit that amount to the Retirement Systems Division.

The State Board of Education may withhold money for payment of salaries for administrative officers of local school administrative units if any report required to be filed with State school authorities is more than 30 days overdue. The State Board of Education shall withhold money for payment of salaries for the superintendent, finance officer, and all other administrative officers charged with providing payroll information pursuant to G.S. 115C-12(18), if the local school administrative unit fails to provide the payroll information to the State Board in a timely fashion and substantially in accordance with the standards set by the State Board. The State Board of Education shall also withhold money used for payment of salaries for the superintendent, transportation director, and all other administrative officers or employees charged by the local board of education or the local superintendent with implementing the Transportation Information Management System, pursuant to G.S. 115C-240(d), if the State Board finds that a local school administrative unit is not progressing in good faith and is not using its best efforts to implement the Transportation Information Management System.

(b) Notwithstanding any provision of this Article to the contrary, with respect to the receipt, deposit, and disbursement of moneys (i) required by law to be deposited with the State Treasurer or (ii) made available for expenditure by warrants drawn on the State Treasurer, local school administrative units are subject to Article 6A of Chapter 147 of the General Statutes.

(c) Money in the State Public School Fund and State bond moneys shall be released only on warrants drawn on the State Treasurer, signed by such local official as may be required by the State Board of Education. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1987, c. 414, s. 14; 1987 (Reg. Sess., 1988), c. 1025, s. 15; 1989 (Reg. Sess., 1990), c. 1066, s. 106; 1991, c. 689, s. 39.2; 1991 (Reg. Sess., 1992), c. 900, s. 77(b); 2015-164, s. 6(c); 2021-170, s. 4(e).)

§ 115C-439. Facsimile signatures.

The board of education may provide by appropriate resolution for the use of facsimile signature machines, signature stamps, or similar devices in signing checks and drafts and in signing the preaudit certificate on contracts or purchase orders. The board shall charge the finance officer or some other bonded officer or employee with the custody of the necessary machines, stamps, plates, or other devices, and that person and the sureties on his official bond are liable for any illegal, improper, or unauthorized use of them. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-440. Accounting system.

(a) System Required. – Each local school administrative unit shall establish and maintain an accounting system designed to show in detail its assets, liabilities, equities, revenues, and

expenditures. The system shall also be designed to show appropriations and estimated revenues as established in the budget resolution as originally adopted and subsequently amended.

(b) Basis of Accounting. – Local school administrative units shall use the modified accrual basis of accounting in recording transactions.

(c) Encumbrance Systems. – Except as otherwise provided in this subsection, no local school administrative unit is required to record or show encumbrances in its accounting system. The Local Government Commission, in consultation with the State Board of Education, shall establish regulations, based on total membership of the local school administrative unit or some other appropriate criterion, setting forth which units are required to maintain an accounting system that records and shows the encumbrances outstanding against each category of expenditure appropriated in the budget resolution. Any other local school administrative unit may record and show encumbrances in its accounting system.

(d) Commission Regulations. – The Local Government Commission, in consultation with the State Board of Education, may prescribe rules and regulations having the force of law as to:

- (1) Features of accounting systems to be maintained by local school administrative units.
- (2) Bases of accounting, including identifying in detail the characteristics of a modified accrual basis and identifying what revenues are susceptible to accrual.
- (3) Definitions of terms not clearly defined in this Article.

These rules and regulations may be varied according to the size of the local school administrative unit, or according to any other criteria reasonably related to the purpose or complexity of the financial operations involved. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-440.1. Report on county spending on public capital outlay.

(a) It is the purpose of Article 42 of Chapter 105 of the General Statutes for counties to appropriate funds generated under that Article to increase the level of county spending for public elementary and secondary school capital outlay (including retirement of indebtedness incurred by the county for this purpose) above and beyond the level of spending prior to the levy of the additional tax authorized under that Article.

(b) On or before May 1 of each year the Local Government Commission shall furnish to the General Assembly a report of the level of each county's appropriations for public school capital outlay, including appropriations to the public school capital outlay fund, funds expended by counties on behalf of and for the benefit of public schools for capital outlay, monies reserved for future years' retirement of debt incurred or capital outlay, and any other information the Local Government Commission considers relevant. For purposes of this subsection, the term "public schools" includes charter schools, if authorized. The Local Government Commission shall develop and implement by May 1, 1997, a uniform reporting system whereby counties are able to report all county expenditures under this subsection.

(c) Any local board of education may petition the Local Government Commission to make a finding that the funds provided by a county for public school capital outlay purposes are, within the financial resources available and consistent with the fiscal policies of the Board of County Commissioners, inadequate to meet the public school capital outlay needs within that county and that the Board of County Commissioners has not complied with the requirements or intent of this Article. The petition shall be in the form prescribed by the Commission. In making its finding, the Commission shall consider the facts it is required to report under subsection (b) of this section, as well as any other information it deems necessary. The Commission shall report its findings on such

petition, together with any recommendations it deems appropriate, to the Joint Legislative Commission on Governmental Operations. (1985 (Reg. Sess., 1986), c. 906, s. 1; 1995, c. 507, s. 17.5; 1995 (Reg. Sess., 1996), c. 666, ss. 4, 5.)

§ 115C-441. Budgetary accounting for appropriations.

(a) Incurring Obligations. – Except as set forth below, no obligation may be incurred by a local school administrative unit unless the budget resolution includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. Nothing in this section shall require a contract to be reduced to writing.

(a1) Preaudit Requirement. – If an obligation is reduced to a written contract or written agreement requiring the payment of money, or is evidenced by a purchase order for supplies and materials, the written contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with subsection (a) of this section. The certificate, which shall be signed by the finance officer, shall take substantially the following form:

"This instrument has been preaudited in the manner required by the School Budget and Fiscal Control Act.

(Date)

(Signature of finance officer)"

(a2) Failure to Preaudit. – An obligation incurred in violation of subsection (a) or (a1) of this section is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this section, in accordance with any rules adopted by the Local Government Commission.

(b) When a bill, invoice, or other claim against a local school administrative unit is presented, the finance officer shall either approve or disapprove the necessary disbursement. The finance officer may approve the claim only if all of the following apply:

- (1) The amount claimed is determined to be payable.
- (2) The budget resolution includes an appropriation authorizing the expenditure.
- (3) Either (i) an encumbrance has been previously created for the transaction or (ii) an unencumbered balance remains in the appropriation sufficient to pay the amount to be disbursed.

A bill, invoice, or other claim may not be paid unless it has been approved by the finance officer or, under subsection (c) of this section, by the board of education. The finance officer shall establish procedures to assure compliance with this subsection, in accordance with any rules adopted by the Local Government Commission.

(c) Board of Education Approval of Bills, Invoices, or Claims. – The board of education may, as permitted by this subsection, approve a bill, invoice, or other claim against the local school administrative unit that has been disapproved by the finance officer. The board of education may not approve a claim for which no appropriation appears in the budget resolution, or for which the appropriation contains no encumbrance and the unencumbered balance is less than the amount to be paid. The board of education shall approve payment by formal resolution stating the board's reasons for allowing the bill, invoice, or other claim. The resolution shall be entered in the minutes together with the names of those voting in the affirmative. The chairman of the board, or some

other member designated for this purpose, shall sign the certificate on the check or draft given in payment of the bill, invoice, or other claim. If payment results in a violation of law, each member of the board voting to allow payment is jointly and severally liable for the full amount of the check or draft given in payment.

(c1) Continuing Contracts for Capital Outlay. – A local school administrative unit may enter into a contract for capital outlay expenditures, some portion or all of which is to be performed or paid in ensuing fiscal years, without the budget resolution including an appropriation for the entire obligation, provided all of the following apply:

- a. The budget resolution includes an appropriation authorizing the current fiscal year's portion of the obligation.
- b. An unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year.
- c. Contracts for capital outlay expenditures are approved by a resolution adopted by the board of county commissioners, which resolution when adopted shall bind the board of county commissioners to appropriate sufficient funds in ensuing fiscal years to meet the amounts to be paid under the contract in those years.

(d) Payment. – A local school administrative unit may not pay a bill, invoice, salary, or other claim except by any of the following methods:

- (1) Check or draft on an official depository.
- (2) Bank wire transfer from an official depository.
- (3) Electronic payment or an electronic funds transfer originated by the local school administrative unit through an official depository.
- (4) Cash, if the local school administrative unit has adopted a policy authorizing the use of cash, and specifying the limits of the use of cash.
- (5) Warrant on the State Treasurer.

(d1) Except as provided in subsection (d) of this section, each check or draft on an official depository shall bear on its face a certificate signed by the finance officer or signed by the chairman or some other member of the board pursuant to subsection (c) of this section. The certificate shall take substantially the following form:

"This disbursement has been approved as required by the School Budget and Fiscal Control Act.

(Signature of finance officer)"

No certificate is required on payroll checks or drafts or on State warrants.

(d2) An electronic payment or electronic funds transfer shall be subject to the preaudit process in accordance with this section and any rules adopted by the Local Government Commission. The rules so adopted shall address execution of electronic payment or electronic funds transfer and how to indicate that the finance officer has performed the preaudit process in accordance with this section. A finance officer shall be presumed in compliance with this section if the finance officer complies with the rules adopted by the Local Government Commission.

(e) Penalties. – If an officer or employee of a local school administrative unit incurs an obligation or pays out or causes to be paid out any funds in violation of this section, that officer or employee, and the sureties on any official bond for that officer or employee, are liable for any sums so committed or disbursed. If the finance officer gives a false certificate to any contract, agreement,

purchase order, check, draft, or other document, the finance officer and the sureties on any official bond are liable for any sums illegally committed or disbursed thereby.

(f) The certifications required by subsections (a1) and (d1) of this section shall not apply to any of the following:

- (1) An obligation or a document related to the obligation has been approved by the Local Government Commission.
 - (2) Payroll expenditures, including all benefits for employees of the local government.
 - (3) Electronic payments, as specified in rules adopted by the Local Government Commission.
- (g) As used in this section, the following terms shall have the following meanings:
- (1) Electronic funds transfer. – A transfer of funds initiated by using an electronic terminal, a telephone, a computer, or magnetic tape to instruct or authorize a financial institution or its agent to credit or debit an account.
 - (2) Electronic payment. – Payment by charge card, credit card, debit card, gas card, procurement card, or electronic funds transfer. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1985, c. 783, ss. 1, 2; 1997-456, s. 27; 2015-246, s. 6(b).)

§ 115C-441.1. Dependent care assistance program.

The State Board of Education is authorized to provide eligible employees of local school administrative units a program of dependent care assistance as available under Section 129 and related sections of the Internal Revenue Code of 1986, as amended. The State Board may authorize local school administrative units to enter into annual agreements with employees who elect to participate in the program to provide for a reduction in salary. Should the State Board decide to contract with a third party to administer the terms and conditions of a program of dependent care assistance, it may select a contractor only upon a thorough and completely competitive procurement process. (1989, c. 458, s. 1; 1991 (Reg. Sess., 1992), c. 1044, s. 14(b); 1993, c. 561, s. 42; 1993 (Reg. Sess., 1994), c. 769, s. 7.28A; 1997-443, s. 33.20(a); 1999-237, s. 28.27(a).)

§ 115C-442. Fidelity bonds.

(a) The finance officer shall give a true accounting and faithful performance bond with sufficient sureties in an amount to be fixed by the board of education, not less than fifty thousand dollars (\$50,000). This bond shall cover the faithful performance of all duties placed on the finance officer by or pursuant to law and the faithful accounting for all funds in his custody except State funds placed to the credit of the local school administrative unit by the State Treasurer. The premium on the bond shall be paid by the local school administrative unit.

(b) The State Board of Education shall provide for adequate and appropriate bonding of school finance officers and such other employees as it deems appropriate with respect to the disbursement of State funds. When it requires such bonds, the State Board of Education is authorized to place the bonds and pay the premiums thereon.

(c) The treasurer of each individual school and all other officers, employees and agents of each local school administrative unit who have custody of public school money in the normal course of their employment or agency shall give a true accounting bond with sufficient sureties in an amount to be fixed by the board of education. The premiums on these bonds shall be paid by the local school administrative unit. Instead of individual bonds, a local school administrative unit may provide for a blanket bond to cover all officers, employees, and agents of the local school

administrative unit required to be bonded, except the finance officer. The finance officer may be included within the blanket bond if the blanket bond protects against risks not protected against by the individual bond. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2007-85, s. 1.)

§ 115C-443. Investment of idle cash.

(a) A local school administrative unit may deposit at interest or invest all or part of the cash balance of any fund. The finance officer shall manage investments subject to whatever restrictions and directions the board of education may impose. The finance officer shall have the power to purchase, sell, and exchange securities on behalf of the board of education. The investment program shall be so managed that investments and deposits can be converted into cash when needed.

(b) Moneys may be deposited at interest at any bank, savings and loan association, or trust company in this State in the form of certificates of deposit or such other forms of time deposit as the Local Government Commission may approve. Investment deposits shall be secured as provided in G.S. 115C-444(b).

(c) Moneys may be invested in the following classes of securities, and no others:

- (1) Obligations of the United States of America.
- (2) Obligations of any agency or instrumentality of the United States of America if the payment of interest and principal of such obligations is fully guaranteed by the United States of America.
- (3) Obligations of the State of North Carolina.
- (4) Bonds and notes of any North Carolina local government or public authority, subject to such restrictions as the Secretary of the Local Government Commission may impose.
- (5) Shares of any savings and loan association organized under the laws of this State and shares of any federal savings and loan association having its principal office in this State, to the extent that the investment in such shares is fully insured by the United States of America or an agency thereof or by any mutual deposit guaranty association authorized by the Commissioner of Insurance of North Carolina to do business in North Carolina pursuant to Article 7A of Chapter 54 of the General Statutes.
- (6) Obligations maturing no later than 18 months after the date of purchase of the Federal Intermediate Credit Banks, the Federal Home Loan Banks, Fannie Mae, the Banks for Cooperatives, and the Federal Land Banks.
- (7) Any form of investment allowed by law to the State Treasurer.
- (8) Any form of investment allowed by G.S. 159-30 to local governments and public authorities.

(d) Investment securities may be bought, sold, and traded by private negotiation, and local school administrative units may pay all incidental costs thereof and all reasonable cost of administering the investment and deposit program. Securities and deposit certificates shall be in the custody of the finance officer who shall be responsible for their safekeeping and for keeping accurate investment accounts and records.

(e) Interest earned on deposits and investments shall be credited to the fund whose cash is deposited or invested. Cash of several funds may be combined for deposit or investment if not otherwise prohibited by law; and when such joint deposits or investments are made, interest earned shall be prorated and credited to the various funds on the basis of the amounts thereof invested,

figured according to an average periodic balance or some other sound accounting principle. Interest earned on the deposit or investment of bond funds shall be deemed a part of the bond proceeds.

(f) Registered securities acquired for investment may be released from registration and transferred by signature of the finance officer.

(g) It is the intent of this Article that the foregoing provisions of this section shall apply only to those funds received by the local school administrative unit as required by G.S. 115C-437. The county finance officer shall be responsible for the investment of all county funds allocated to the local school administrative unit prior to such county funds actually being remitted to the school finance officer as provided by G.S. 115C-437. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1985, c. 246, s. 1; 2001-487, s. 14(h).)

§ 115C-444. Selection of depository; deposits to be secured.

(a) Each board of education shall designate as the official depositories of the local school administrative unit one or more banks, savings and loan associations, or trust companies in this State. It shall be unlawful for any money belonging to a local school administrative unit or an individual school to be deposited in any place, bank, or trust company other than an official depository, except as permitted by G.S. 115C-443(b); however, moneys belonging to an administrative unit or an individual school may be deposited in official depositories in Negotiable Order of Withdrawal (NOW) accounts.

(b) Money on deposit in an official depository or deposited at interest pursuant to G.S. 115C-443(b) shall be secured by deposit insurance, surety bonds, or investment securities of such nature, in a sufficient amount to protect the administrative unit or an individual school on account of deposit of moneys made therein, and in such manner, as may be prescribed by rule or regulation of the Local Government Commission. When deposits are secured in accordance with this subsection, no public officer or employee may be held liable for any losses sustained by a local school administrative unit because of the default or insolvency of the depository. (1975, c. 437, s. 1; 1981, c. 423, s. 1; c. 682, s. 23; c. 866, ss. 1, 2; 1985, c. 246, s. 2.)

§ 115C-445. Daily deposits.

Except as otherwise provided by law, all moneys collected or received by an officer, employee or agent of a local school administrative unit or an individual school shall be deposited in accordance with this section. Each officer, employee and agent of a local school administrative unit or individual school whose duty it is to collect or receive any taxes or other moneys shall deposit his collections and receipts daily. If the board of education gives its approval, deposits shall be required only when the moneys on hand amount to as much as one thousand five hundred dollars (\$1,500), but in any event a deposit shall be made on the last business day of the month. All deposits shall be made with the finance officer or in an official depository. Deposits in an official depository shall be immediately reported to the finance officer or individual school treasurer by means of a duplicate deposit ticket. The finance officer may at any time audit the accounts of any officer, employee or agent collecting or receiving any taxes or other moneys, and may prescribe the form and detail of these accounts. The accounts of such an officer, employee or agent shall be audited at least annually. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2023-134, s. 7.68.)

§ 115C-446. Semiannual reports on status of deposits and investments.

Each school finance officer shall report to the Secretary of the Local Government Commission on January 1 and July 1 of each year, or such other dates as the Secretary may prescribe, the amounts of money then in his custody and in the custody of treasurers of individual schools within the local school administrative unit, the amount of deposits of such money in depositories, a list of all investment securities and time deposits held by the local school administrative unit and individual schools therein. In like manner, each bank or trust company acting as the official depository of any administrative unit or individual school may be required to report to the Secretary a description of the surety bonds or investment securities securing such public deposits. If the Secretary finds at any time that any moneys of a local school administrative unit or an individual school are not properly deposited or secured, or are invested in securities not eligible for investment, he shall notify the officer in charge of the moneys of the failure to comply with law. Upon such notification, the officer shall comply with the law within 30 days, except as to the sale of securities not eligible for investment which shall be sold within nine months at a price to be approved by the Secretary. The Local Government Commission may extend the time for sale of ineligible securities, but no one extension may cover a period of more than one year. (1975, c. 437, s. 1; 1981, c. 423, s. 1; c. 866, s. 3.)

§ 115C-447. Annual independent audit.

(a) Each local school administrative unit shall have its accounts and the accounts of individual schools therein audited as soon as possible after the close of each fiscal year by a certified public accountant or by an accountant certified by the Local Government Commission as qualified to audit local government accounts. The auditor who audits the accounts of a local school administrative unit shall also audit the accounts of its individual schools. The auditor shall be selected by and shall report directly to the board of education. The audit contract shall be in writing, shall include all its terms and conditions, and shall be submitted to the Secretary of the Local Government Commission for his approval as to form, terms and conditions. The terms and conditions of the audit contract shall include the scope of the audit, and the requirement that upon completion of the examination the auditor shall prepare a typewritten or printed report embodying financial statements and his opinion and comments relating thereto. The financial statements accompanying the auditor's report shall be prepared in conformity with generally accepted accounting principles. The auditor shall file a copy of the audit report with the Secretary of the Local Government Commission, the State Board of Education, the board of education and the board of county commissioners, and shall submit all bills or claims for audit fees and costs to the Secretary of the Local Government Commission for his approval. It shall be unlawful for any local school administrative unit to pay or permit the payment of such bills or claims without this approval. Each officer, employee and agent of the local school administrative unit having custody of public money or responsibility for keeping records of public financial or fiscal affairs shall produce all books and records requested by the auditor and shall divulge such information relating to fiscal affairs as he may request. If any member of a board of education or any other public officer, employee or agent shall conceal, falsify, or refuse to deliver or divulge any books, records, or information, with an intent thereby to mislead the auditor or impede or interfere with the audit, he is guilty of a Class 1 misdemeanor.

The State Auditor shall have authority to prescribe the manner in which funds disbursed by administrative units by warrants on the State Treasurer shall be audited.

(b) When the State Board of Education finds that incidents of fraud, embezzlement, theft, or management failures in a local school administrative unit make it appropriate to review the

internal control procedures of the unit, the State Board of Education shall so notify the unit. If the incidents were discovered by the firm performing the audit under subsection (a) of this section, the board of the local school administrative unit shall submit the audit together with a plan for any corrective actions relative to its internal control procedures to the State Board of Education and the Local Government Commission for approval and shall implement the approved changes prior to the next annual audit. Where the firm preparing the audit under subsection (a) of this section identifies significant problems with internal control procedures the local school administrative unit shall submit the audit together with a plan for any corrective actions relative to its internal control procedures to the State Board of Education and the Local Government Commission for approval and shall implement the approved changes prior to the next annual audit.

If the incidents were not discovered by the firm performing the audit under subsection (a) of this section, the State Board of Education and the Local Government Commission shall employ an audit firm to review the internal control procedures of that local school administrative unit. Upon completion of this review, the audit firm shall report publicly to the State Board of Education, the Local Government Commission, and the board of the local school administrative unit. If the State Board of Education determines that significant changes are needed in the internal control procedures of the local school administrative unit, the local board shall submit a plan of corrective actions to the State Board of Education and the Local Government Commission for approval and shall implement the approved changes prior to the next annual audit. The local school administrative unit shall pay the cost of this audit. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1983, c. 913, s. 17; 1987 (Reg. Sess., 1988), c. 1025, s. 14; 1993, c. 539, s. 891; 1994, Ex. Sess., c. 24, s. 14(c); 2005-276, s. 7.58.)

§ 115C-448. Special funds of individual schools.

(a) The board of education shall appoint a treasurer for each school within the local school administrative unit that handles special funds. The treasurer shall keep a complete record of all moneys in his charge in such form and detail as may be prescribed by the finance officer of the local school administrative unit, and shall make such reports to the superintendent and finance officer of the local school administrative unit as they or the board of education may prescribe. Special funds of individual schools shall be deposited in an official depository of the local school administrative unit in special accounts to the credit of the individual school, and shall be paid only on checks or drafts signed by the principal of the school and the treasurer. The board of education may, in its discretion, waive the requirements of this section for any school which handles less than three hundred dollars (\$300.00) in any school year.

(b) Nothing in this section shall prevent the board of education from requiring that all funds of individual schools be deposited with and accounted for by the school finance officer. If this is done, these moneys shall be disbursed and accounted for in the same manner as other school funds except that the check or draft shall not bear the certificate of preaudit.

(c) For the purposes of this section, "special funds of individual schools" includes by way of illustration and not limitation funds realized from gate receipts of interscholastic athletic competition, sale of school annuals and newspapers, and dues of student organizations.

(d) Special funds of individual schools shall not be included as part of the local current expense fund of a local school administrative unit for the purposes of determining the per pupil share of the local current expense fund transferred to a charter school pursuant to G.S. 115C-218.105(c). (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2013-355, s. 2(b); 2014-101, s. 7.)

§ 115C-449. Proceeds of insurance claims.

Moneys paid to a local school administrative unit pursuant to contracts of insurance against loss of capital assets through fire or casualty shall be used to repair or replace the damaged asset, or if the asset is not repaired or replaced, placed to the credit of the capital outlay fund for appropriation at some future time. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)

§ 115C-450. School food services.

(a) School nutrition services shall be included in the budget of each public school unit that provides school nutrition services, and the State Board of Education shall provide for school nutrition services in the uniform budget format required by G.S. 115C-426.

(b) No public school unit that provides school nutrition services shall assess indirect costs to a school nutrition program unless the program has an operating balance of at least two months. The Department of Public Instruction shall calculate the operating balance of a school nutrition program of a public school unit that provides school nutrition services. If complete and final financial reports for a given year are not yet available for a school nutrition program, the Department of Public Instruction may use projected figures, but shall update the published average month's operating balance once complete and final financial reports become available. As used in this subsection, the term "indirect costs" is as defined in 2 C.F.R. § 200.414.

(c) No public school unit that provides school nutrition services shall assess an unrestricted indirect costs rate to a school nutrition program that is more than eight percent (8%).

(d) No later than May 15, 2022, and every six months thereafter, the Department of Public Instruction shall report all the following information to the Joint Legislative Education Oversight Committee, the Senate Appropriations Committee on Education/Higher Education, the House Appropriations Committee on Education, and the Fiscal Research Division:

- (1) The number of months of the operating balance held by the school nutrition program for each public school unit.
- (2) The amount and percentage of indirect costs charged to the school nutrition program by the public school unit, if any. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 2013-235, s. 1; 2021-180, s. 7.31.)

§ 115C-451. Reports to State Board of Education; failure to comply with School Budget Act.

(a) The State Board of Education shall have authority to require local school administrative units to make such reports as it may deem advisable with respect to the financial operation of the public schools.

(b) The State Board of Education shall be responsible for assuring that local boards of education comply with State laws and regulations regarding the budgeting, management, and expenditure of funds. When a local board of education willfully or negligently fails or refuses to comply with these laws and regulations, the State Board of Education shall issue a warning to the local board of education and direct it to take remedial action. In addition, the State Board may suspend the flexibility given to the local board under G.S. 115C-105.21A and may require the local board to use funds during the term of suspension only for the purposes for which they were allotted or for other purposes with the specific approval from the State Board.

(c) If the local board of education, after warning, persists in willfully or negligently failing or refusing to comply with these laws and regulations, the State Board of Education shall by resolution assume control of the financial affairs of the local board of education and shall appoint an administrator to exercise the powers assumed. The adoption of a resolution shall have the effect

of divesting the local board of education of its powers as to the adoption of budgets, expenditure of money, and all other financial powers conferred upon the local board of education by law. (1975, c. 437, s. 1; 1981, c. 423, s. 1; 1991, c. 529, s. 5; 1997-443, s. 8.7.)

§ 115C-452. Fines and forfeitures.

The clear proceeds of all penalties and forfeitures and of all fines collected in the General Court of Justice in each county shall be remitted by the clerk of the superior court to the county finance officer, who shall forthwith determine what portion of the total is due to each local school administrative unit in the county and remit the appropriate portion of the amount to the finance officer of each local school administrative unit. Fines and forfeitures shall be apportioned according to the projected average daily membership of each local school administrative unit as determined by and certified to the local school administrative units and the board of county commissioners by the State Board of Education pursuant to G.S. 115C-430. (1975, c. 437, s. 1; 1981, c. 423, s. 1.)
