All schools must have plans, policies, and procedures for dealing with disorderly and disruptive behavior.

All schools and school units must have effective measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior. (1997-443, s. 8.29(r)(1).)

§ 115C-105.46. State Board of Education responsibilities.

 - a. Staffing the program or school with teachers who have at least four years' teaching experience and who have received an overall rating of at least above standard on a formal evaluation and are certified in the areas and grade levels being taught;
 - b. Providing optimum learning environments, resources and materials, and high quality, ongoing professional development that will ensure students who are placed in the program or school are provided enhanced educational opportunities in order to achieve their full potential;

- c. Providing support personnel, including school counselors, psychiatrists, clinical psychologists, social workers, nurses, and other professionals to help students and their families work out complex issues and problems;

All schools and school units must have effective measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior. (1997-443, s. 8.29(r)(1); 2023-78, s. 1.)

§ 115C-105.49. School safety exercises.

- (a) At least once annually, each public school unit shall require each school under its control to hold a full school-wide tabletop exercise and drill based on the procedures documented in its School Risk Management Plan (SRMP) and shall report the date and time the drill is conducted to the Center for Safer Schools. The drill shall include a practice school lockdown due to an intruder on school grounds. Each school is encouraged to hold a tabletop exercise and drill for

multiple hazards included in its SRMP. Schools are strongly encouraged to include local law enforcement agencies and emergency management agencies in their tabletop exercises and drills. The purpose of the tabletop exercises and drills shall be to permit participants to (i) discuss simulated emergency situations in a low-stress environment, (ii) clarify their roles and responsibilities and the overall logistics of dealing with an emergency, and (iii) identify areas in which the SRMP needs to be modified.

(b) For the purposes of this section, a tabletop exercise is an exercise involving key personnel conducting simulated scenarios related to emergency planning.

(c) For the purposes of this section, a drill is a school-wide practice exercise in which simulated scenarios related to emergency planning are conducted.

§ 115C-105.49A. School Risk and Response Management System.

(a) The Department of Public Safety, Division of Emergency Management, and the Center for Safer Schools shall construct and maintain a statewide School Risk and Response Management System (SRRMS). The system shall fully integrate and leverage existing data and applications that support school risk planning, exercises, monitoring, and emergency response via 911 dispatch.

(b) In constructing the SRRMS, the Division of Emergency Management, in collaboration with the Department of Public Instruction and the Center for Safer Schools, shall leverage the existing enterprise risk management database, the School Risk Management Planning tool managed by the Division of Emergency Management. The Division of Emergency Management shall also leverage the public school unit and participating nonpublic school schematic diagrams of school facilities. Where technically feasible, the SRRMS shall integrate any anonymous tip lines established pursuant to G.S. 115C-105.51 and any 911-initiated panic alarm systems authorized as part of a SRMP pursuant to G.S. 115C-47(40). The Division of Emergency Management shall collaborate with the Department of Public Instruction, the Center for Safer Schools, and the North Carolina 911 Board in the design, implementation, and maintenance of the SRRMS.

(c) All data and information acquired and stored in the SRRMS as provided in subsections (a) and (b) of this section are not considered public records as the term "public record" is defined under G.S. 132-1 and shall not be subject to inspection and examination under G.S. 132-6. (2015-241, s. 8.26(c); 2018-97, s. 2.4(b); 2023-78, ss. 1, 4(b).)

The Department of Public Instruction, in consultation with the Department of Public Safety, may develop standards and guidelines for the development, operation, and staffing of tip lines. The governing body of each public secondary school may use the anonymous safety tip line application developed pursuant to subsection (b) of this section, or

(b) The Department of Public Instruction and the Center for Safer Schools, in collaboration with the Department of Public Safety, Division of Emergency Management, shall implement and maintain an anonymous safety tip line application available statewide for purposes of receiving anonymous student information on internal or external risks to the school population, school buildings, and school-related activities. Public secondary schools shall inform students about the application and provide opportunities for students to learn about its purpose and function. The governing body of each public secondary school shall work with the Department of Public Instruction, Division of School Operations, and the Center for Safer Schools to ensure that employees of the public secondary schools receive adequate training in its operation.

(c) The Department of Public Safety, Division of Emergency Management, and the North Carolina 911 Board, in collaboration with the Department of Public Instruction, Division of School Operations, and the Center for Safer Schools, shall implement and maintain a statewide panic alarm system for the purposes of launching real-time 911 messaging to public safety answering points of internal and external risks to the school population, school buildings, and school-related activities. The Department of Public Safety, in consultation with the Department of Public Instruction and the North Carolina 911 Board, may develop standards and guidelines for the operations and use of the panic alarm tool.

(d) The Department of Public Instruction and the Department of Public Safety shall ensure that the anonymous safety tip line application is integrated with and supports the statewide School Risk and Response Management System (SRRMS) as provided in G.S. 115C-105.49A. Where technically feasible and cost efficient, the Department of Public Instruction and the Department of Public Safety are encouraged to implement a single solution supporting both the anonymous safety tip line application and panic alarm system.

(e) All data and information acquired and stored by the anonymous safety tip line application are not considered public records as the term "public record" is defined under G.S. 132-1 and shall not be subject to inspection and examination under G.S. 132-6.

(f) Notwithstanding subsection (e) of this section, the Department of Public Instruction, Division of School Operations, may collect the annual aggregate number and type of tips sent to the anonymous tip line. The collection of this aggregate data shall not have any identifying information on the reporter of the tip, including, but not limited to, the school where the incident was reported and the date the tip was reported.

(b) The Center for Safer Schools shall develop guidance for threat assessment teams for public school units and all public school units shall have access to the guidance. The Center shall develop the guidance by (i) collecting information and best practices from schools with existing threat assessment teams and (ii) consulting with the Task Force for Safer Schools, Disability Rights North Carolina, the North Carolina School Psychology Association, the State Bureau of Investigation, and relevant State government agencies. This guidance shall not reference or reveal any information that has been excluded as a public record under G.S. 115C-47(40), Part 2 of Article 8C of this Chapter, or any other relevant statute. The guidance shall include, at a minimum, the best practices for the following:

- (1) Assessment of and intervention with an individual whose behavior poses a risk to the safety of school staff, students, or self, including suggested definitions of threat levels with examples of behavior that would be considered a threat under the given definitions.
- (2) If the individual is a student or minor, involvement of the individual's parent or legal guardian throughout the threat assessment process.

- (3) Referral to LME/MCOs, as provided in G.S. 122C-115.4(b)(9), for evaluation or treatment, when appropriate.
- (4) Compliance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. § 1400 et seq., and Article 9 of Chapter 115C of the General Statutes.
- (5) Referral to the appropriate local law enforcement agency if the individual is not a student.

(c) The governing body of a public school unit shall develop policies for assessment and intervention by threat assessment teams, including any scale or classification system that will be used to indicate various levels of threats and the standard response to each level of threat. These policies shall differentiate between assessment and intervention at the elementary, middle, and high school levels, as appropriate. In developing these policies, the unit shall consult the guidance issued by the Center for Safer Schools released pursuant to subsection (b) of this section and with any threat assessment team in the unit. These policies shall not reference or reveal any information that has been excluded as a public record under G.S. 115C-47(40), Part 2 of Article 8C of this Chapter, or any other relevant statute. A copy of the policies shall be sent to the Center for Safer Schools.

(d) The superintendent or the superintendent's designee shall establish a committee charged with coordination and monitoring of the threat assessment teams operating within the unit, which may be an existing committee established by the unit. The committee shall include individuals with expertise in human resources, education, school administration, mental health, and law enforcement.

(e) The superintendent of a public school unit shall establish a threat assessment team for each school within the unit. In the discretion of the superintendent, an established threat assessment team may serve more than one school in the unit. Each team shall have the following duties and responsibilities:

- (1) Provide training to students, faculty, and staff regarding recognition and reporting of threatening behavior that may indicate a risk of harm to the community, school, or self.
- (2) Identify members of the school community to whom threatening behavior shall be reported.
- (3) Implement policies adopted by the governing body of the public school unit pursuant to subsection (c) of this section.
- (4) Utilize anonymous reporting applications for students to share information about school safety concerns requiring investigation.
- (5) Upon finding a credible threat, a threat assessment team may take any of the following actions:
 - a. Recommend that the individual involved be referred for mental health services. If the individual is a student or minor, the parents shall be notified of the recommendation and encouraged to contact the student's primary care provider, insurance, or the local Medicaid management entity or managed care organization.
 - b. Provide notice to individuals who are the subject of threatening behavior and, if the individual is a student or a minor, provide notice to the student's parent or legal guardian. All notices shall be in accordance with the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

c. Provide notice to the appropriate local law enforcement agency.

(f) Any information shared among members of the threat assessment team pursuant to this subsection [section] shall remain confidential, shall not be a public record subject to Chapter 132 of the General Statutes, and shall only be released in connection with an emergency under the standards established by the Family Educational Rights and Privacy Act in 20 U.S.C. § 1232g(b)(1)(I).

(g) Any threat assessment team may submit a request to the Center for Safer Schools, in a manner to be determined by the Center, for a training session on the implementation or operation of a threat assessment team. Within 30 days of any training conducted pursuant to this section, the Center shall send a brief to all assessment teams giving an overview of the training, including any solutions reached or lessons learned.

(h) Each threat assessment team established pursuant to this section shall report quantitative data on its activities to the Center for Safer Schools as required by the Center. The Center is authorized to share these reports with any agency it consults with to develop guidance pursuant to this section. Such data shall include, at a minimum, the following:

- (1) Number of threat assessments conducted annually and demographic information on the individuals assessed.
- (2) Total number of threat assessments that resulted in a determination that the behavior being assessed posed a threat, and any information on the scale or classification of the threat, as described by the written policy required by subsection (c) of this section.
- (3) All actions and the results of those actions taken in response to finding a threat.
- (4) Number, subject, and solution or outcome of any technical assistance requests.

(i) No governing body of a public school unit, nor its members, employees, designees, agents, or volunteers, shall be liable in civil damages to any party for any loss or damage caused by any act or omission relating to the participation in or implementation of any component of the threat assessment team policies required by this section, unless that act or omission amounts to gross negligence, wanton conduct, or intentional wrongdoing. Nothing in this section shall be construed to impose any specific duty of care or standard of care.

(j) Nothing in this section shall preclude public school personnel from acting immediately to address threatening behavior that is an imminent risk.

(k) Any action taken pursuant to this section, or a rule or policy developed pursuant to this section, shall comply with the Constitution of the United States, the North Carolina Constitution, and Article 27 of this Chapter. (2023-78, s. 2(a).)
