MH/DD/SA Consumer Advocacy Program.

(This article has a contingent effective date)

§ 122C-10. (This article has a contingent effective date – see note) MH/DD/SA Consumer Advocacy Program.

The General Assembly finds that many consumers of mental health, developmental disabilities, and substance abuse services are uncertain about their rights and responsibilities and how to access the public service system to obtain appropriate care and treatment. The General Assembly recognizes the importance of ensuring that consumers have information about the availability of services and access to resources to obtain timely quality care. There is established the MH/DD/SA Consumer Advocacy Program. The purpose of this Program is to provide consumers, their families, and providers with the information and advocacy needed to locate appropriate services, resolve complaints, or address common concerns and promote community involvement. It is further the intent of the General Assembly that the Department, within available resources and pursuant to its duties under this Chapter, ensure that the performance of the mental health care system in this State is closely monitored, reviews are conducted, findings and recommendations and reports are made, and that local and systemic problems are identified and corrected when necessary to promote the rights and interests of all consumers of mental health, developmental disabilities, and substance abuse services.
