

## Article 3.

### Public Disclosure of Economic Interests.

#### **§ 138A-21. Purpose.**

The purpose of disclosure of the financial and personal interests by covered persons is to assist covered persons and those who appoint, elect, hire, supervise, or advise them identify and avoid conflicts of interest and potential conflicts of interest between the covered person's private interests and the covered person's public duties. It is critical to this process that current and prospective covered persons examine, evaluate, and disclose those personal and financial interests that could be or cause a conflict of interest or potential conflict of interest between the covered person's private interests and the covered person's public duties. Covered persons must take an active, thorough, and conscientious role in the disclosure and review process, including having a complete knowledge of how the covered person's public position or duties might impact the covered person's private interests. Covered persons have an affirmative duty to provide any and all information that a reasonable person would conclude is necessary to carry out the purposes of this Chapter and to fully disclose any conflict of interest or potential conflict of interest between the covered person's public and private interests, but the disclosure, review, and evaluation process is not intended to result in the disclosure of unnecessary or irrelevant personal information. (2006-201, s. 1; 2008-213, s. 63; 2017-6, s. 3; 2018-146, s. 3.1(a), (b).)
