

§ 106-585. Appropriations by counties; funds made available by Congress.

The several counties of this State are hereby authorized to make such appropriations and expend such funds as shall be necessary to defray any part of the expenses of the programs authorized by this Article, including the salaries of the extension agents, special agents and other necessary personnel, and any funds made available by the Congress of the United States for this purpose may be accepted and used therefor. (1959, c. 1177, s. 6.)
