

**§ 117-3.1. Regulatory fee.**

(a) Fee imposed. – It is the policy of the State of North Carolina to provide fair regulation of electric and telephone membership corporations in the interest of the public. The cost of regulating electric and telephone membership corporations is a burden incident to the privilege of operating as an electric or telephone membership corporation. Therefore, for the purpose of defraying the cost of regulating electric and telephone membership corporations, every electric and telephone membership corporation subject to the jurisdiction of the Authority shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected shall be used only to pay the expenses of the Authority in regulating electric and telephone membership corporations in the interest of the public.

(b) Rate. – For each fiscal year in which the General Assembly does not establish a rate, the regulatory fee shall be the rate proposed by the Authority in accordance with this subsection, which shall not be more than six cents (6¢) for each electric membership corporation's North Carolina meter connected for service and for each telephone membership corporation's North Carolina access line connected for service for each quarter of the year.

When the Authority prepares its budget request for the upcoming fiscal year, the Authority shall propose a rate for the regulatory fee. For fiscal years beginning in an odd-numbered year, that proposed rate shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143C-3-5. For fiscal years beginning in an even-numbered year, that proposed rate shall be included in a special budget message the Governor shall submit to the General Assembly.

The regulatory fee may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Authority for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Authority for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Authority or a possible unanticipated increase or decrease in North Carolina electric meters and North Carolina telephone access lines.

(c) When Due. – The regulatory fee imposed under this section is due and payable to the Authority on or before the 15th day of the second month following the end of each quarter. Every electric and telephone membership corporation subject to the regulatory fee shall, on or before the date the fee is due for each quarter, prepare and render a report on a form prescribed by the Authority. The report shall state the electric or telephone membership corporation's total North Carolina electric meters or North Carolina telephone access lines connected for service for the preceding quarter and shall be accompanied by any supporting documentation that the Authority may by rule require.

(d) Use of Proceeds. – A special fund in the office of the State Treasurer, the North Carolina Rural Electrification Authority Fund (NCREA Fund), is created. The fees collected pursuant to this section and all other funds received by the Authority shall be deposited in the NCREA Fund. The NCREA Fund shall be placed in an interest bearing account and any interest or other income derived from the NCREA Fund shall be credited to the NCREA Fund. Moneys in the NCREA Fund shall only be spent pursuant to an appropriation by the General Assembly.

The NCREA Fund shall be subject to the provisions of the State Budget Act except that no unexpended surplus of the NCREA Fund shall revert to the General Fund. All funds credited to the NCREA Fund shall be used only to pay the expenses of the Authority in regulating electric and telephone membership corporations in the interest of the public as provided by this Chapter.
