

## Article 19B.

### Certification and Accreditation of Lead-Based Paint Renovation Activities.

#### § 130A-453.22. Definitions.

(a) Except as provided in subsection (b) of this section and in any rules adopted under this Article, the definitions set out in 40 C.F.R. §§ 745.83 and 745.223, as amended, apply throughout this Article.

(b) Unless otherwise required by the context, the following definitions apply throughout this Article:

- (1) Certified dust sampling technician. – An individual who (i) is employed by a certified renovation firm, (ii) has successfully completed a dust sampling technician training course accredited by the Department, and (iii) is certified by the Department to perform dust clearance sampling after the completion of renovation activities, if the person contracting for the renovation activity requests dust clearance sampling.
- (2) Certified renovation firm. – A company, partnership, corporation, sole proprietorship, association, or other business entity or individual doing business in the State, or a federal, State, tribal, or local government agency, or a nonprofit organization that has been certified by the Department to perform renovation activities covered by this Article.
- (3) Certified renovator. – An individual who (i) is employed by a certified renovation firm, (ii) either performs or directs trained workers who perform renovation activities, (iii) has successfully completed a renovation training course accredited by the Department or the United States Environmental Protection Agency, and (iv) is certified with the Department to perform renovation activities.
- (4) Child-occupied facility. – A building, or portion of a building, constructed prior to 1978, visited regularly by the same child under 6 years of age, on at least two different days within any week (Sunday through Saturday period), provided that each day's visit lasts at least three hours and the combined weekly visits last at least six hours, and the combined annual visits last at least 60 hours. Child-occupied facilities may include, but are not limited to, day care centers, preschools, and kindergarten classrooms. Child-occupied facilities may be located in target housing or in public or commercial buildings. With respect to common areas in public or commercial buildings, the child-occupied facility encompasses those common areas, both interior and exterior, routinely used by children under age 6.
- (5) Renovation activities. – The activities relative to lead-based paint renovations including the use of recognized lead test kits, information distribution, work practices such as cleaning verification and dust clearance sampling, as well as the activities performed by a certified firm, certified renovator, or certified dust sampling technician. Renovation activities include all activities included in the definition of the term "renovation" in 40 C.F.R. § 745.83.
- (6) Target housing – Any housing constructed prior to 1978, except housing for the elderly or persons with disabilities, unless one or more children age 6 years or under resides or is expected to reside in such housing for the elderly or persons with disabilities, or any zero-bedroom dwelling. For purposes of this Article, a zero-bedroom dwelling is any residential dwelling in which

the living areas are not separated from the sleeping area. The term includes efficiencies, studio apartments, dormitory housing, military barracks, and rentals of individual rooms in residential dwellings.

- (7) Trained renovation worker. – An individual who (i) receives on-the-job training and direction pertaining to the individual's assigned tasks in renovation work in target housing or child-occupied facilities from a certified renovator and (ii) is employed by a certified renovation firm. (2009-488, s. 1.)
