

§ 143C-8-9. When a State agency may change the scope of a capital improvement project.

A State agency may increase the scope of a capital improvement project only if the General Assembly authorizes the increase. A State agency may decrease the scope of a capital improvement project if the Director authorizes the decrease. To obtain the Director's authorization for a decrease in the scope of a capital improvement project, a State agency shall submit its request to the Director in writing and shall state the reason for the request. (2006-203, s. 3.)
