

§ 157-56. Cooperation of State public bodies in developing projects.

Any State public body shall have the same rights and powers to cooperate with housing authorities, or with the federal government, with respect to the development or administration of projects to assure the availability of safe and sanitary dwellings for persons engaged in national defense activities that such State public body has pursuant to Article 2 of this Chapter, for the purpose of assisting the development or administration of slum clearance or housing projects for persons of low income. (1941, c. 63, s. 4.)
