

**§ 78A-28. Provisions applicable to registration generally.**

(a) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered dealer.

(b) Every person filing a registration statement shall pay a filing fee of two thousand dollars (\$2,000). When a registration statement is withdrawn before the effective date or a pre-effective stop order is entered under G.S. 78A-29, the Administrator shall retain the filing fee. A registration statement relating to redeemable securities to be offered for a period in excess of one year, other than securities covered under federal law, must be renewed annually by payment of a renewal fee of one hundred dollars (\$100.00) and by filing any documents or reports that the Administrator may by rule or order require.

(c) Every registration statement shall specify (i) the amount of securities to be offered in this State; (ii) the states in which a registration statement or similar document in connection with the offering has been or is expected to be filed; and (iii) any adverse order, judgment, or decree entered in connection with the offering by the regulatory authorities in each state or by any court or the Securities and Exchange Commission.

(d) Any document filed under this Chapter or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate.

(e) The Administrator may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(f) In the case of a nonissuer distribution, information may not be required under G.S. 78A-27 or 78A-28(i) unless it is known to the person filing the registration statement or to the persons on whose behalf the distribution is to be made, or can be furnished by them without unreasonable effort or expense.

(g) The Administrator may by rule or order require as a condition of registration by qualification or coordination (i) that any security issued within the past three years or to be issued to a promoter for a consideration substantially different from the public offering price, or to any person for a consideration other than cash, be deposited in escrow; and (ii) that the proceeds from the sale of the registered security in this State be impounded until the issuer receives a specified amount from the sale of the securities either in this State or elsewhere. The Administrator may by rule or order determine the conditions of any escrow or impounding required hereunder, but he may not reject a depository solely because of location in another state.

(h) Except during the time a stop order is in effect under G.S. 78A-29, a registration statement relating to redeemable securities to be offered for a period in excess of one year, other than securities covered under federal law, expires on December 31 of each year or some other date not more than one year from its effective date as the Administrator may by rule or order provide. Every other registration statement is effective for one year from its effective date, or any longer period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under G.S. 78A-29. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (i) so long as the registration statement is effective and (ii) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under G.S. 78A-29 (if the registration statement did not relate in whole or in part to a nonissuer distribution) and one year from the effective date of the registration statement. A registration statement may not be withdrawn for one year from its effective date if any securities of the

same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the Administrator.

(i) So long as a registration statement is effective, the Administrator may by rule or order require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose progress of the offering.

(j) A registration statement filed in accordance with subsection (b) of this section may be amended after its effective date to increase the securities specified as proposed to be offered. Such an amendment becomes effective when the Administrator so orders. Every person filing such an amendment shall pay a filing fee of fifty dollars (\$50.00) with respect to the additional securities proposed to be offered.
