

§ 89C-15. Examinations.

(a) The examinations will be held at the times and places as the Board directs. The Board shall determine the passing grade on examinations. All examinations shall be approved by the entire Board.

(b) Examinations will be given as follows:

- (1) Fundamentals of Engineering. – Consists of an examination on the fundamentals of engineering. Passing this examination qualifies the applicant for an engineer intern certificate, provided the applicant has met all other requirements for licensure required by this Chapter.
- (2) Principles and Practice of Engineering. – Consists of an examination on applied engineering. Passing this examination qualifies the applicant for licensure as a professional engineer, provided the applicant has met the other requirements for licensure required by this Chapter.
- (3) Fundamentals of Land Surveying. – Consists of an examination on the fundamentals of land surveying. Passing this examination qualifies the applicant for a land surveyor intern certificate provided the applicant has met all other requirements for certification required by this Chapter.
- (4) Principles and Practice of Land Surveying. – Consists of an examination on the applied disciplines of land surveying and an examination on requirements specific to the practice of land surveying in North Carolina. Passing each of these examinations qualifies the applicant for a professional land surveyor certificate provided the applicant has met all other requirements for certification required by this Chapter. (1975, c. 681, s. 1; 1998-118, s. 13; 2013-98, s. 3.)
