33 facilities, funeral homes, and similar institutions to attend to the barbering needs of those in these
34 institutions.

35 **"§ 86B-17. Licensing and regulation of barber schools.**

36 (a) The Board shall issue a license to any barber school that submits a properly completed
37 application on a form approved by the Board, pays the required license fee, and is determined by
38 the Board, after inspection, to be in compliance with the provisions of this Chapter and the
39 Board's rules. The Board may renew licenses that have lapsed after the barber school has been
40 inspected and all renewal and late fees have been paid.

41 (b) No person may open, reopen, or operate a barber school before the Board has
42 approved a license for the school. The Board shall not issue a license before a barber school has
43 been inspected and determined to be in compliance with the provisions of this Chapter and the
44 Board's rules.

45 (c) Barber schools located in this State shall be licensed by the Board before any credit
46 may be given for curriculum hours taken in the school. The Board may establish standards for
47 approving hours from schools in other states that are licensed.

48 (d) A registered barber school shall not be permitted to operate in a location licensed as
49 a barbershop.

50 **"§ 86B-18. Bond required for private barber schools.**

1 (a) Each private barber school shall provide a guaranty bond unless the school has already
2 provided a bond or an alternative to a bond under G.S. 115D-95. The Board may restrict, suspend,
3 revoke, or refuse to renew or reinstate the license of a school that fails to maintain a bond or an
4 alternative to a bond pursuant to this section or G.S. 115D-95. A school shall provide a copy of
5 the bond letter or other guarantee authorized by this section to the Board.

6 (b) A guaranty bond obtained pursuant to this section shall meet all of the following
7 criteria:

8 (1) The applicant shall file the guaranty bond with the clerk of superior court in
9 the county in which the school is located. The bond shall be in favor of the
10 students. The bond shall be executed by the applicant as principal and by a
11 bonding company authorized to do business in this State. The bond shall be
12 conditioned to provide indemnification to any student or the student's parent
13 or guardian who has suffered loss of tuition or any fees by reason of the failure
14 of the school to offer or complete student instruction, academic services, or
15 other goods and services as related to course enrollment for any reason,
16 including suspension, revocation, or nonrenewal of a school's approval,
17 bankruptcy, foreclosure, or the school's ceasing to operate.

18 (2) The bond amount shall be at least equal to the maximum amount of prepaid
19 tuition held at any time by the school during the last fiscal year, but in no case
20 shall be less than ten thousand dollars (\$10,000). Each application for license
21 or license renewal shall include a letter signed by an authorized representative
22 of the school showing the calculations made and the method of computing the
23 amount of the bond in accordance with rules prescribed by the Board. If the
24 Board finds that the calculations made and the method of computing the
25 amount of the bond are inaccurate or that the amount of the bond is otherwise
26 inadequate to provide indemnification under the terms of the bond, the Board
27 may require the applicant to provide an additional bond.

28 (3) The bond shall remain in force and effect until canceled by the guarantor. The
29 guarantor may cancel the bond upon 30 days' notice to the Board. Cancellation
30 of the bond shall not affect any liability incurred or accrued prior to the
31 termination of the notice period.

32 (c) An applicant who is unable to secure a bond may seek from the Board a waiver of the
33 guaranty bond requirement and approval of one of the guaranty bond alternatives set forth in this
34 subsection. With the approval of the Board, an applicant may file one of the following instead of
35 a bond with the clerk of court in the county in which the school is located:

36 (1) An assignment of a savings account in an amount equal to the bond required
37 that is in a form acceptable to the Board and is executed by the applicant and
38 a state or federal savings and loan association, state bank, or national bank
39 that is doing business in this State and whose accounts are insured by a federal
40 depositor's corporation, and access to the account is subject to the same
41 conditions as those for a bond in subsection (b) of this section.

42 (2) A certificate of deposit that is executed by a state or federal savings and loan
43 association, state bank, or national bank that is doing business in this State and
44 whose accounts are insured by a federal depositor's corporation, and access to
45 the certificate of deposit is subject to the same conditions as those for a bond
46 in subsection (b) of this section.
