SESSION 2023**

**SESSION LAW 2024-51
HOUSE BILL 149**

AN ACT TO ENACT THE DISASTER RECOVERY ACT OF 2024.

The General Assembly of North Carolina enacts:

PART I. TITLE OF ACT

SECTION 1.1. This act shall be known as "The Disaster Recovery Act of 2024."

PART II. LEGISLATIVE FINDINGS

SECTION 2.1.(a) The General Assembly finds that Hurricane Helene was an extremely strong Category 4 hurricane with maximum sustained winds of 140 miles per hour that made landfall on September 26, 2024, along Florida's Gulf Coast and severely impacted the entire Southeastern United States. Hurricane Helene caused widespread heavy rainfall in excess of 30 inches in some areas, record flooding, and significant loss of human life and property in North Carolina. In addition, the General Assembly finds that, on or about September 16, 2024, Potential Tropical Cyclone #8 (PTC8) was a strong weather event that severely impacted Brunswick and New Hanover Counties and caused excessive rainfall in those counties.

SECTION 2.1.(b) The General Assembly finds that, as a result of Hurricane Helene, the following has occurred:

- (1) Western North Carolina endured record-breaking rainfall that created several 1,000-year flood events in several counties, devastating the people, infrastructure, businesses, and schools of entire communities.
- (2) On September 28, 2024, 25 counties in North Carolina were declared a major disaster by the President of the United States under the Stafford Act (P.L. 93-288), approving individual and public assistance for affected counties.
- (3) North Carolinians have lost their lives, loved ones, homes, communities, houses of worship, businesses, jobs, and way of life.
- (4) Countless homes, buildings, and properties have been destroyed.
- (5) Entire communities have lost power, water, sewer, communication, and other essential services due to the devastation.
- (6) Over 400 roads and bridges were damaged and closed for traffic, including Interstate 40.
- (7) Landslides and flooding have cut off entire communities from outside help and communication.
- (8) Tornadoes were generated across the State as Hurricane Helene passed, causing significant damage in areas outside of the storm's immediate path.

PART III. EXTENSION OF STATE OF EMERGENCY

SECTION 3.1. In accordance with G.S. 166A-19.20(c)(2), the statewide declaration of emergency issued by the Governor in Executive Order No. 315, concurred to by the Council of State, is extended until March 1, 2025.

PART IV. CREATION OF HURRICANE HELENE FUND

SECTION 4.1.(a) Hurricane Helene Disaster Recovery Fund. – The Hurricane Helene Disaster Recovery Fund (Helene Fund) is established. All State funds, excluding funds received pursuant to Section 6.2 of this act, appropriated for Hurricane Helene relief and recovery efforts shall be budgeted and accounted for in the Helene Fund established in this section. Federal funds received by State agencies for Hurricane Helene relief and recovery efforts shall be budgeted and accounted for separately within each State agency that receives such funds.

SECTION 4.1.(b) Applicability of Funds. – Except as otherwise provided, the funds contained in the Helene Fund shall only be expended to support disaster relief and recovery efforts in the following counties:

Funds in the Helene Fund that are not expended, made subject to an encumbrance, or disbursed shall remain available to implement the provisions of this act and subsequent acts necessitated as a result of Hurricane Helene until the General Assembly directs the reversion of the unexpended funds. Funds received by a State agency from the Helene Fund that are not expended, made subject to an encumbrance, or disbursed to another entity at the end of each fiscal year shall revert to the Helene Fund. Funds received by a non-State entity, as defined in G.S. 143C-1-1, from the Helene Fund that are not expended, made subject to an encumbrance, or disbursed to a subgrantee shall be returned to the Helene Fund no later than June 30, 2030.

PART V. CREATION OF POTENTIAL TROPICAL CYCLONE #8 FUND

SECTION 5.1.(a) Potential Tropical Cyclone #8 Disaster Recovery Fund. – The Potential Tropical Cyclone #8 Disaster Recovery Fund (PTC8 Fund) is established. Funds in the PTC8 Fund that are not expended, made subject to an encumbrance, or disbursed shall remain available to implement the provisions of this act and subsequent acts necessitated as a result of PTC8 until the General Assembly directs the reversion of the unexpended funds. Funds received by a State agency from the PTC8 Fund that are not expended, made subject to an encumbrance, or disbursed to another entity at the end of each fiscal year shall revert to the PTC8 Fund. Funds received by a non-State entity, as defined in G.S. 143C-1-1, from the PTC8 Fund that are not expended, made subject to an encumbrance, or disbursed to a subgrantee shall be returned to the PTC8 Fund no later than June 30, 2030.

PART VI. FUNDING OF DISASTER RELIEF

SECTION 7.1.(b) Receipt of Allocations. – A recipient of State funds under this act shall use best efforts and take all reasonable steps to obtain alternative funds that cover the losses or needs for which the State funds are provided, including funds from insurance policies in effect

SECTION 7.1.(d) Contract Requirements. – Any contract or other instrument entered into by a recipient for receipt of funds under this act shall include the requirements set forth in subsections (b) and (c) of this section.

SECTION 7.1.(f) Limitation on Powers of Governor. – The Governor may not use the funds described in this act to make budget adjustments under G.S. 143C-6-4 or to make reallocations under G.S. 166A-19.40(c). Nothing in this act shall be construed to prohibit the Governor from exercising the Governor's authority under these statutes with respect to funds other than those described in this act.

SECTION 7.1.(g) Directive. – The Governor shall also ensure that funds allocated in this act are expended in a manner that does not adversely affect any person's or entity's eligibility for federal funds that are made available, or that are anticipated to be made available, as a result of natural disasters. The Governor shall also, to the extent practicable, avoid using State funds to cover costs that will be, or likely will be, covered by federal funds.

SECTION 7.1.(h) Allocation Reporting Requirements. – The Office of State Budget and Management shall report to the chairs of the House of Representatives and Senate Appropriations Committees and to the Fiscal Research Division of the General Assembly on the implementation of this act on a quarterly basis until the end of the quarter in which all funds are expended and shall also provide any additional reports or information requested by the Fiscal Research Division. Each report required by this section shall include information about all funds expended or encumbered pursuant to this act as of the date of the report, regardless of which State agency, federal agency, or non-State entity administers the funds. Non-State entities that administer or receive any funds appropriated in this act shall assist and fully cooperate with the Office of State Budget and Management in meeting the Office's obligations under this section.

PART VIII. EDUCATION

INSTRUCTIONAL HOURS FLEXIBILITY AND COMPENSATION FOR PUBLIC SCHOOL EMPLOYEES

SECTION 8.1.(a) School Calendar Flexibility. – Notwithstanding G.S. 115C-84.2(a)(1), 115C-150.12C(3), 115C-218.85(a)(1), 115C-238.53(d), 115C-238.66(1)d., 116-239.8(b)(2)c., Section 6(e) of S.L. 2018-32, and any other provision of State law to the contrary, if the governing body of a public school unit closed any school under its control due to unusual and extraordinary inclement weather conditions related to Hurricane Helene or PTC8, calendar flexibility for missed instructional time during the months of September 2024 and October 2024 shall be provided as follows:

- (1) If the school is located in a public school unit that is located in a county designated before, on, or after the effective date of this act under a major

disaster declaration by the President of the United States under the Stafford Act (P.L. 93-288) as a result of Hurricane Helene, in the discretion of its governing body, the public school unit may (i) make up any number of the instructional days or equivalent hours missed, (ii) deem as completed any number of the instructional days or equivalent hours missed up to a total of 20 days, or (iii) implement a combination of both of the above.

- (2) For any public school unit not identified in subdivision (1) of this subsection, the governing body of the public school unit may (i) make up any number of the instructional days or equivalent hours missed, (ii) deem as completed any number of the instructional days or equivalent hours missed up to a total of two days, or (iii) implement a combination of both of the above.

SECTION 8.1.(b) Additional Remote Instruction. – Notwithstanding G.S. 115C-84.3(b) and any other provision of State law to the contrary, the following remote instruction limits apply for the 2024-2025 school year:

Employees and contractors shall be compensated in the same manner they would have if they had worked on the scheduled instructional days missed. The board of directors of a charter school may, but is not required to, provide such compensation for its employees and contractors.

Of the funds allocated to the Department of Public Instruction from the Helene Fund, the sum of up to sixteen million dollars (\$16,000,000) in nonrecurring funds for the 2024-2025 fiscal year shall be used to provide compensation authorized by this section to public school unit employees and contractors of schools participating in the National School Lunch Program or School Breakfast Program for scheduled instructional days when compensation would have been provided by school meal receipts or by federal funds. Employees and contractors compensated using funds described in this section shall be compensated in the same manner they would have had they worked on the scheduled instructional days missed.

- (3) Of the days missed, any days and hours deemed completed by the public school unit as a result of this section.
- (4) Any compensation provided to employees and contractors pursuant to subsection (c) of this section.

For each component of the report, separate information shall be included on any individual schools within the public school unit whose information differs from the rest of the unit as a whole. Public school units shall provide information on implementation of this section in the form requested by the Department of Public Instruction no later than February 15, 2025.

SECTION 8.2.(b) This section applies only to qualifying principals employed in a public school unit that is located in a county (i) declared a major disaster by the President of the United States under the Stafford Act (P.L. 93-288) as a result of Hurricane Helene or (ii) listed in Section 5.1(b) of this act.

County boards of elections are encouraged to consider options for Election Day that best for the disaster-related needs of the county. The county board of elections shall strive to maintain voting access as close to existing polling places as possible and should resort to establishing polling places outside of a precinct only as a last resort. Notice of any modification under this subdivision shall be given to the impacted voters by mail and other forms of mass communication, including to any email address or phone number that the county board of elections has for the impacted voter, to the extent practicable as soon as possible after approval of the modification. The county board of elections shall also cause the notice to be immediately delivered to all local media and the chairs of the county political parties and shall cause the notice to be posted on the county board of elections' website as soon as possible. Modifications may include any of the following:
- a. A transfer of voters from a given precinct to another in the county, even if the receiving precinct is not adjacent if no adjacent precinct is available. Notwithstanding G.S. 163-128, the Executive Director of the State Board of Elections may approve the transfer of polling places, including polling places serving two or more combined precincts, provided the county board of elections continues to comply with G.S. 163-132.5G to maintain voting data by precinct regardless of where that voter cast his or her ballot. In accordance with G.S. 163-128, the county board of elections shall maintain separate registration and voting records, consistent with the procedure prescribed by the State Board of Elections, so as to properly identify the precinct in which such voters reside, including separate tabulators for the voters of each of the combined precincts.

- b. The establishment of out-of-precinct polling places. Such a polling place may be located in another North Carolina county adjacent to the precinct, to be staffed and managed by the county board of elections establishing the out-of-precinct polling place. Approval of the Executive Director of the State Board of Elections is required, consistent with G.S. 163-130.1. Any polling place established under this provision may be co-located with another. The county board of elections shall comply with G.S. 163-132.5G to maintain voting data by precinct regardless of where that voter cast his or her ballot.
 - c. The establishment of more than one polling place in a precinct. Such a polling place may be located in another North Carolina county adjacent to the precinct, to be staffed and managed by the county board of elections establishing the additional polling place. In accordance with G.S. 163-130.2, approval of the Executive Director of the State Board of Elections is required. Any polling place established under this provision may be co-located with another precinct's polling place, but the materials, tabulators, and voting processes shall be kept separate for each precinct's voters at that polling place.
 - d. Allow the central transfer precinct to be used by any county voter on Election Day. If the county board of elections codes its ballots by style, the county board of elections shall write the precinct designation on the voter's ballot, to facilitate the post-election precinct sort. The county board of elections shall comply with G.S. 163-166.7.

Prior to appointing a bipartisan team for this purpose, the county board of elections, by bipartisan majority vote, shall establish guidelines for the operation of bipartisan teams to assist any eligible voting in requesting and casting an absentee ballot.

- (8) The county board of elections shall process an absentee ballot request from a voter or a voter's near relative or verifiable legal guardian in person at the county board of elections office up until 5:00 P.M. on November 4, 2024, similar to the provision in G.S. 163-230.1(b). The voter or the voter's near relative or verifiable legal guardian is required to complete the absentee ballot request form with the required personal information, and that information must be verified as with any absentee ballot request. However, the county board of elections may provide the voter or voter's near relative or verifiable legal guardian with the voter's absentee ballot envelope at the office location. County boards of elections shall maintain a log of any individual, other than a minor child under the age of 18 in the care of a voter, who presents to submit an absentee ballot request on behalf of a voter. The log shall include the printed name and address of the individual at the county board of elections office, the time the individual arrived at the county board of elections office, and a space for that individual's signature. The absentee ballot request shall be deemed incomplete unless the individual's signature is included in the log. The log required by this subdivision shall be confidential and not a public record until the opening of the voting place in accordance with G.S. 163-166.25, at which time the official register shall constitute a public record.
- (9) The county board of elections shall process a spoil-and-reissue, or cure, of an absentee ballot at the county board of elections office. At the request of the voter, a voter's near relative or verifiable legal guardian, or anyone designated by the voter to assist due to the voter's disability, may retrieve any required cure documentation to take to a voter who is required to cure a deficiency with an absentee ballot, if needed. County boards of elections shall maintain a log of any individual, other than a minor child under the age of 18 in the care of a voter, who presents to retrieve cure documentation on behalf of a voter. The log shall include the printed name and address of the individual at the county board of elections office, the time the individual arrived at the county board of elections office, and a space for that individual's signature. The cure process shall be deemed incomplete unless the individual's signature is included in the log. The log required by this subdivision shall be confidential and not a public record until the opening of the voting place in accordance with G.S. 163-166.25, at which time the official register shall constitute a public record.
- (10) The county boards of elections shall allow the chair of each political party in the county to designate poll observers, as defined in G.S. 163-45.1(a), who are registered voters of any North Carolina county. All poll observers shall be designated in accordance with G.S. 163-45.1.
