12 ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional
13 fiscal year.

14 **SECTION 7.4.(d)** For the 2024-25 fiscal year the State Board of Education shall
15 transfer the At-Risk Student Services/Alternative Schools allotment into the DSSF allotment and
16 allocate these funds to local school administrative units under a formula that:

- 17 (1) Expands the allowable uses of the DSSF allotment to incorporate activities
18 allowed under the current At-Risk allotment; and
19 (2) Provides that no local administrative unit receives a decrease in combined
20 funding.

21 Reallocated At-Risk funding must be counted as an independent supplement to existing DSSF
22 funds.

23 24 **SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES**

25 **SECTION 7.5.(a)** Use of Funds for Supplemental Funding. – All funds received
26 pursuant to this section shall be used only (i) to provide instructional positions, instructional

 - 11 b. Adjust the resulting amount by multiplying by a weighted average of
12 the three most recent annual sales assessment ratio studies.
 - 13 c. Add to the resulting amount the following:

26 State per capita income and weight the resulting percentage by a factor
27 of five-tenths.

29 availability per student is of the anticipated State average revenue
30 availability per student and weight the resulting percentage by a factor
31 of four-tenths.
 - 32 c. Compute the percentage that the county-adjusted property tax base per
33 square mile is of the State-adjusted property tax base per square mile
34 and weight the resulting percentage by a factor of one-tenth.
 - 35 d. Add the three weighted percentages to derive the county wealth as a
36 percentage of the State average wealth.
- 37 (9) Effective county tax rate. – The actual county tax rate multiplied by a weighted
38 average of the three most recent annual sales assessment ratio studies.
- 39 (10) Effective State average tax rate. – The average of effective county tax rates

- 4 (15) State average current expense appropriations per student. – The most recent
5 State total of county current expense appropriations to public schools, as
6 reported by local boards of education in the audit report filed with the

11 studies. – The weighted average of the three most recent annual sales
12 assessment ratio studies in the most recent years for which county current
13 expense appropriations and adjusted property tax valuations are available. If
14 real property in a county has been revalued one year prior to the most recent
15 sales assessment ratio study, a weighted average of the two most recent sales
16 assessment ratios shall be used. If property has been revalued the year of the
17 most recent sales assessment ratio study, the sales assessment ratio for the year

19 **SECTION 7.5.(c)** Eligibility for Funds. – Except as provided in subsection (g) of
20 this section, the State Board of Education shall allocate these funds to local school administrative
21 units located in whole or in part in counties in which the county wealth as a percentage of the

23 **SECTION 7.5.(d)** Allocation of Funds. – Except as provided in subsection (f) of this
24 section, the amount received per average daily membership for a county shall be the difference
25 between the State average current expense appropriations per student and the current expense
26 appropriations per student that the county could provide given the county's wealth and an average
27 effort to fund public schools. To derive the current expense appropriations per student that the
28 county could be able to provide given the county's wealth and an average effort to fund public
29 schools, multiply the county's wealth as a percentage of State average wealth by the State average
30 current expense appropriations per student. The funds for the local school administrative units
31 located in whole or in part in the county shall be allocated to each local school administrative
32 unit located in whole or in part in the county based on the average daily membership of the
33 county's students in the school units. If the funds appropriated for supplemental funding are not
34 adequate to fund the formula fully, each local school administrative unit shall receive a pro rata
35 share of the funds appropriated for supplemental funding.

36 **SECTION 7.5.(e)** Formula for Distribution of Supplemental Funding Pursuant to
37 this Section Only. – The formula in this section is solely a basis for distribution of supplemental
38 funding for low-wealth counties. It is the intent of the General Assembly to incrementally
39 increase appropriations for the low-wealth allotment to provide eligible counties supplemental
40 funding equal to one hundred ten percent (110%) of the statewide local revenue per student by
41 fiscal year 2027-28. The State Board of Education shall adjust the formula to ensure each local
42 school administrative unit receives a pro rata share of the additional funds appropriated for the
43 low-wealth allotment in this act for supplemental funding.

44 **SECTION 7.5.(f)** Minimum Effort Required. – A county shall receive full funding
45 under this section if the county (i) maintains an effective county tax rate that is at least one
46 hundred percent (100%) of the effective State average tax rate in the most recent year for which
47 data are available or (ii) maintains a county appropriation per student to the school local current
48 expense fund of at least one hundred percent (100%) of the current expense appropriations per
49 student to the school local current expense fund that the county could provide given the county's
50 wealth and an average effort to fund public schools. A county that maintains a county
51 appropriation per student to the school local current expense fund of less than one hundred

1 percent (100%) of the current expense appropriations per student to the school local current
2 expense fund that the county could provide given the county's wealth and an average effort to
3 fund public schools shall receive funding under this section at the same percentage that the
4 county's appropriation per student to the school local current expense fund is of the current
5 expense appropriations per student to the school local current expense fund that the county could
6 provide given the county's wealth and an average effort to fund public schools.

7 **SECTION 7.5.(g) Non-supplant Requirement.** – A county in which a local school
8 administrative unit receives funds under this section shall use the funds to supplement local
9 current expense funds and shall not supplant local current expense funds. For the 2023-25 fiscal
10 biennium, the State Board of Education shall not allocate funds under this section to a county
11 found to have used these funds to supplant local per student current expense funds. The State

 2 education agencies and local North Carolina Partnership for Children, Inc., partnerships.

3 Other than developmental disabilities or other chronic health issues, the Division shall
 4 not consider the health of a child as a factor in determining eligibility for participation in the NC
 5 Pre-K program.

 40 statewide. To support the slots increase, the Division of Child Development and Early Education
 41 may offer grants to facilities to undergo upgrades necessary to offer NC Pre-K. It is the intent of
 42 the General Assembly that the reimbursement rate funds allocated pursuant to this section be
 43 used to increase the salaries of licensed B-K teachers working in private or Head Start NC Pre-K
 44 classrooms. These funds shall be used as a means to address disparities in teacher salaries among
 45 teachers working in child care centers versus those working in public schools.

46
 47 **CHILD CARE SUBSIDY RATES**

48 **SECTION 9D.3.(a)** The maximum gross annual income for initial eligibility,

6 are established based on ten percent (10%) of gross family income. When care is received at the
7 blended rate, the copayment shall be eighty-three percent (83%) of the fulltime copayment.
8 Copayments for parttime care shall be seventy-five percent (75%) of the fulltime copayment.

9 **SECTION 9D.3.(c)** Payments for the purchase of child care services for low-income
10 children shall be in accordance with the following requirements:

11 (1) Religious sponsored child care facilities operating pursuant to G.S. 110106
12 and licensed child care centers that meet the minimum licensing standards that
13 are participating in the subsidized child care program shall be paid the one-star
14 county market rate or the rate they charge privately paying parents, whichever
15 is lower, unless prohibited by subsection (f) of this section.

16 (2) Licensed child care centers and homes with three or more stars shall receive
17 the market rate for that rated license level for that age group or the rate they
18 charge privately paying parents, whichever is lower. Licensed child care
19 centers and homes with three or more stars and serving children ages birth
20 through five years shall receive the statewide floor rate, an average of rates
21 across the state by age and star level, when the county market rate is lower
22 than the statewide floor, unless prohibited by subsection (g) of this section.

23 (3) Certified Developmental Day Centers shall receive the statewide average or

33 **SECTION 9D.3.(d)** Provisions of payment rates for child care providers in counties
34 that do not have at least 50 children in each age group for center-based and homebased care are
35 as follows:

36 (1) Except as applicable in subdivision (2) of this subsection, payment rates shall
37 be set at the statewide or regional market rate for licensed child care centers
38 and homes.

39 (2) If it can be demonstrated that the application of the statewide or regional
40 market rate to a county with fewer than 50 children in each age group is lower
41 than the county market rate and would inhibit the ability of the county to
42 purchase child care for low-income children, then the county market rate may
43 be applied.

44 **SECTION 9D.3.(e)** A market rate shall be calculated for child care centers and
45 homes at each rated license level for each county and for each age group or age category of
46 enrollees and shall be representative of fees charged to parents for each age group of enrollees
47 within the county. The Division of Child Development and Early Education shall also calculate
48 a statewide rate and regional market rate for each rated license level for each age category.

49 **SECTION 9D.3.(f)** The Division of Child Development and Early Education shall
50 continue implementing policies that improve the quality of child care for subsidized children,
51 including a policy in which child care subsidies are paid, to the extent possible, for child care in

1 the higher quality centers and homes only. The Division shall define higher quality, and subsidy
2 funds shall not be paid for one or two-star rated facilities. For those counties with an inadequate
3 number of four and five-star rated facilities, the Division shall continue a transition period that
4 allows the facilities to continue to receive subsidy funds while the facilities work on the increased
5 star ratings. The Division may allow exemptions in counties where there is an inadequate number
6 of four and five-star rated facilities for non-star rated programs, such as religious programs.

7 **SECTION 9D.3.(g)** Facilities licensed pursuant to Article 7 of Chapter 110 of the
8 General Statutes and facilities operated pursuant to G.S. 110106 may participate in the program
9 that provides for the purchase of care in child care facilities for minor children of needy families.
10 Except as authorized by subsection (f) of this section, no separate licensing requirements shall
11 be used to select facilities to participate. In addition, child care facilities shall be required to meet
12 any additional applicable requirements of federal law or regulations. Child care arrangements
13 exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall
14 meet the requirements established by other State law and by the Social Services Commission.

15 County departments of social services or other local contracting agencies shall not
16 use a provider's failure to comply with requirements in addition to those specified in this
17 subsection as a condition for reducing the provider's subsidized child care rate.

18 **SECTION 9D.3.(h)** Payment for subsidized child care services provided with
19 Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations
20 and policies issued by the Division of Child Development and Early Education for the subsidized
21 child care program.

22 **SECTION 9D.3.(i)** Noncitizen families who reside in this State legally shall be

31 States.

32 **SECTION 9D.3.(j)** The Department of Health and Human Services, Division of
33 Child Development and Early Education, shall require all county departments of social services
34 to include on any forms used to determine eligibility for child care subsidy whether the family
35 waiting for subsidy is receiving assistance through the NC PreK Program or Head Start.

36 **SECTION 9D.3.(k)** Department of Defense-certified child care facilities licensed
37 pursuant to G.S. 110106.2 may participate in the State-subsidized child care program that
38 provides for the purchase of care in child care facilities for minor children in needy families,
39 provided that funds allocated from the State-subsidized child care program to Department of
40 Defense-certified child care facilities shall supplement and not supplant funds allocated in
41 accordance with G.S. 143B168.15(g). Payment rates and fees for military families who choose
42 Department of Defense-certified child care facilities and who are eligible to receive subsidized
43 child care shall be as set forth in this section.

44 **SECTION 9D.3.(l)** Effective January 1, 2024, the Division shall increase the child
45 care subsidy reimbursement rates to those recommended in the 2018 Child Care Market Rate
46 Study. The Division may also use funds appropriated for Child Care Subsidy to serve more
47 children and reduce the waitlist.

48 **CHILD CARE ALLOCATION FORMULA**

49 **SECTION 9D.4.(a)** The Department of Health and Human Services, Division of
50 Child Development and Early Education (Division), shall allocate child care subsidy voucher
51

1 funds to pay the costs of necessary child care for minor children of needy families. The
2 mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation
3 under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy
4 allocation. The Department of Health and Human Services shall use the following method when
5 allocating federal and State child care funds, not including the aggregate mandatory thirty percent
6 (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

- 7 (1) Funds shall be allocated to a county based upon the projected cost of serving
8 children under age 11 in families with all parents working who earn less than
9 the applicable federal poverty level percentage set forth in Section 9D.3(a) of
10 this act.
- 11 (2) The Division may withhold up to two percent (2%) of available funds from
12 the allocation formula for (i) preventing termination of services throughout
13 the fiscal year and (ii) repayment of any federal funds identified by counties
14 as overpayments, including overpayments due to fraud. The Division shall
15 allocate to counties any funds withheld before the end of the fiscal year when
16 the Division determines the funds are not needed for the purposes described
17 in this subdivision. The Division shall submit a report to the Joint Legislative
18 Oversight Committee on Health and Human Services and the Fiscal Research
19 Division, which report shall include each of the following:
 - 20 a. The amount of funds used for preventing termination of services and
21 the repayment of any federal funds.
 - 22 b. The date the remaining funds were distributed to counties.
 - 23 c. As a result of funds withheld under this subdivision and after funds
24 have been distributed, any counties that did not receive at least the
25 amount the counties received the previous year and the amount by
26 which funds were decreased.

27 The Division shall submit a report in each year of the 2023-25 fiscal biennium
28 30 days after the funds withheld pursuant to this subdivision are distributed
29 but no later than April 1 of each respective year.

- 30 (3) The Division shall set aside four percent (4%) of child care subsidy allocations
31 for vulnerable populations, which include a child identified as having special
32 needs and a child whose application for assistance indicates that the child and
33 the child's family is experiencing homelessness or is in a temporary living
34 situation. A child identified by this subdivision shall be given priority for
35 receiving services until such time as set-aside allocations for vulnerable
36 populations are exhausted.

37 **SECTION 9D.4.(b)** The Division may reallocate unused child care subsidy voucher
38 funds in order to meet the child care needs of low-income families. Any reallocation of funds
39 shall be based upon the expenditures of all child care subsidy voucher funding, including North
40 Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service
41 levels within the funds allocated to the counties. A county with a spending coefficient over one
42 hundred percent (100%) shall submit a plan to the Division for managing the county's allocation
43 before receiving any reallocated funds.

44 **SECTION 9D.4.(c)** When implementing the formula under subsection (a) of this
45 section, the Division shall include the market rate increase in the formula process rather than
46 calculating the increases outside of the formula process. Additionally, the Department shall do
47 the following:

- 48 (1) Deem a county's initial allocation as the county's expenditure in the previous
49 fiscal year or a prorated share of the county's previous fiscal year expenditures

24 utilized while demand for services at the State psychiatric hospitals has not decreased, or (ii) the
25 LME/MCO has failed to comply with the prompt payment provisions of this section, DHHS may
26 contract with another LME/MCO to manage the beds or bed days or, notwithstanding any other
27 provision of law to the contrary, may pay the hospital directly.

39 **TANF BENEFIT IMPLEMENTATION**

40 **SECTION 9J.1.(a)** Beginning October 1, 2022, the General Assembly approves the
41 plan titled "North Carolina Temporary Assistance for Needy Families State Plan FY 2022-25"
42 prepared by the Department of Health and Human Services and presented to the General
43 Assembly. The North Carolina Temporary Assistance for Needy Families State Plan covers the
44 period October 1, 2022, through September 30, 2025. The Department shall submit the State
45 Plan, as revised in accordance with subsection (b) of this section, to the United States Department
46 of Health and Human Services.

47 **SECTION 9J.1.(b)** The counties approved as Electing Counties in the North
48 Carolina Temporary Assistance for Needy Families State Plan FY 2022-25, as approved by this
49 section, are Beaufort, Caldwell, Catawba, Lenoir, Lincoln, Macon, and Wilson.
50

1 **SECTION 9J.1.(c)** Counties that submitted the letter of intent to remain as an
2 Electing County or to be redesignated as an Electing County and the accompanying county plan
3 for years 2022 through 2025, pursuant to G.S. 108A-27(e), shall operate under the Electing
4 County budget requirements effective July 1, 2022. For programmatic purposes, all counties
5 referred to in this subsection shall remain under their current county designation through
6 September 30, 2025.

7 **SECTION 9J.1.(d)** For each year of the 2023-25 fiscal biennium, Electing Counties
8 shall be held harmless to their Work First Family Assistance allocations for the 2022-23 fiscal
9 year, provided that remaining funds allocated for Work First Family Assistance and Work First
10 Diversion Assistance are sufficient for payments made by the Department on behalf of Standard
11 Counties pursuant to G.S. 108A-27.11(b).

12 **SECTION 9J.1.(e)** In the event that departmental projections of Work First Family
13 Assistance and Work First Diversion Assistance for the 2023-24 fiscal year or the 2024-25 fiscal
14 year indicate that remaining funds are insufficient for Work First Family Assistance and Work
15 First Diversion Assistance payments to be made on behalf of Standard Counties, the Department
16 is authorized to deallocate funds, of those allocated to Electing Counties for Work First Family
17 Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for
18 payments in Standard Counties. Prior to deallocation, the Department shall obtain approval by
19 the Office of State Budget and Management. If the Department adjusts the allocation set forth in
20 subsection (d) of this section, then a report shall be made to the Joint Legislative Oversight
21 Committee on Health and Human Services and the Fiscal Research Division.

22 23 **INTENSIVE FAMILY PRESERVATION SERVICES FUNDING, PERFORMANCE** 24 **ENHANCEMENTS, AND REPORT**

25 **SECTION 9J.2.(a)** Notwithstanding the provisions of G.S. 143B150.6, the Intensive
26 Family Preservation Services (IFPS) Program shall provide intensive services to children and
27 families in cases of abuse, neglect, and dependency where a child is at imminent risk of removal
28 from the home and to children and families in cases of abuse where a child is not at imminent
29 risk of removal. The Program shall be implemented statewide on a regional basis. The IFPS shall
30 ensure the application of standardized assessment criteria for determining imminent risk and
31 clear criteria for determining out-of-home placement.

32 **SECTION 9J.2.(b)** The Department of Health and Human Services shall require that
33 any program or entity that receives State, federal, or other funding for the purpose of IFPS shall
34 provide information and data that allows for the following:

- 35 (1) An established follow-up system with a minimum of six months of follow-up
36 services.
- 37 (2) Detailed information on the specific interventions applied, including
38 utilization indicators and performance measurement.
- 39 (3) Cost-benefit data.
- 40 (4) Data on long-term benefits associated with IFPS. This data shall be obtained
41 by tracking families through the intervention process.
- 42 (5) The number of families remaining intact and the associated interventions
43 while in IFPS and 12 months thereafter.
- 44 (6) The number and percentage, by race, of children who received IFPS compared
45 to the ratio of their distribution in the general population involved with Child
46 Protective Services.

47 **SECTION 9J.2.(c)** The Department shall continue implementing a
48 performance-based funding protocol and shall only provide funding to those programs and
49 entities providing the required information specified in subsection (b) of this section. The amount
50 of funding shall be based on the individual performance of each program.

1 **SECTION 9J.2.(d)** The Department shall submit an annual report to the Joint
2 Legislative Oversight Committee on Health and Human Services and the Fiscal Research
3 Division by December 1 of each year that provides the information and data collected pursuant
4 to subsection (b) of this section.

5 6 **CHILD CARING INSTITUTIONS**

7 **SECTION 9J.3.** Until the Social Services Commission adopts rules setting
8 standardized rates for child caring institutions as authorized under G.S. 143B153(8), the
9 maximum reimbursement for child caring institutions shall not exceed the rate established for the
10 specific child caring institution by the Department of Health and Human Services, Office of the
11 Controller. In determining the maximum reimbursement, the State shall include county and IVE
12 reimbursements.

13 14 **USE OF FOSTER CARE BUDGET FOR GUARDIANSHIP ASSISTANCE PROGRAM**

15 **SECTION 9J.4.** Of the funds available for the provision of foster care services, the
16 Department of Health and Human Services, Division of Social Services, may continue to provide
17 for the financial support of children who are deemed to be (i) in a permanent family placement
18 setting, (ii) eligible for legal guardianship, and (iii) otherwise unlikely to receive permanency.
19 No additional expenses shall be incurred beyond the funds budgeted for foster care for the
20 Guardianship Assistance Program (GAP). The Guardianship Assistance Program shall include
21 provisions for extending guardianship services for individuals and youth who exited foster care
22 through the Guardianship Assistance Program after 14 years of age or who have attained the age
23 of 18 years and opt to continue to receive guardianship services until reaching 21 years of age if
24 the individual is (i) completing secondary education or a program leading to an equivalent
25 credential, (ii) enrolled in an institution that provides postsecondary or vocational education, (iii)
26 participating in a program or activity designed to promote, or remove barriers to, employment,
27 (iv) employed for at least 80 hours per month, or (v) incapable of completing the educational or
28 employment requirements of this section due to a medical condition or disability. The
29 Guardianship Assistance Program rates shall reimburse the legal guardian for room and board
30 and be set at the same rate as the foster care room and board rates in accordance with rates
31 established under G.S. 108A-49.1.

32 33 **CHILD WELFARE POSTSECONDARY SUPPORT PROGRAM (NC REACH)**

34 **SECTION 9J.5.(a)** Funds appropriated in this act from the General Fund to the
35 Department of Health and Human Services for the child welfare postsecondary support program
36 shall be used to continue providing assistance with the "cost of attendance" as that term is defined
37 in 20 U.S.C. § 10871l for the educational needs of foster youth aging out of the foster care system,
38 youth who exit foster care to a permanent home through the Guardianship Assistance Program
39 (GAP), or special needs children adopted from foster care after age 12. These funds shall be
40 allocated by the State Education Assistance Authority.

41 **SECTION 9J.5.(b)** Of the funds appropriated in this act from the General Fund to
42 the Department of Health and Human Services, the sum of fifty thousand dollars (\$50,000) for
43 each year of the 2023-25 fiscal biennium shall be allocated to the North Carolina State Education
44 Assistance Authority (SEAA). The SEAA shall use these funds only to perform administrative
45 functions necessary to manage and distribute scholarship funds under the child welfare
46 postsecondary support program.

47 **SECTION 9J.5.(c)** Of the funds appropriated in this act from the General Fund to
48 the Department of Health and Human Services, the sum of three hundred thirty-nine thousand
49 four hundred ninety-three dollars (\$339,493) for each year of the 2023-25 fiscal biennium shall
50 be used to contract with an entity to administer the child welfare postsecondary support program

1 described under subsection (a) of this section, which administration shall include the performance
2 of case management services.

3 **SECTION 9J.5.(d)** Funds appropriated in this act to the Department of Health and
4 Human Services for the child welfare postsecondary support program shall be used only for
5 students attending public institutions of higher education in this State.

6 **FEDERAL CHILD SUPPORT INCENTIVE PAYMENTS**

7 **SECTION 9J.6.(a)** Centralized Services. – The North Carolina Child Support
8 Services Section (NCCSS) of the Department of Health and Human Services, Division of Social
9 Services, shall retain up to fifteen percent (15%) of the annual federal incentive payments it
10 receives from the federal government to enhance centralized child support services. To
11 accomplish this requirement, NCCSS shall do the following:

- 12 (1) In consultation with representatives from county child support services
13 programs, identify how federal incentive funding could improve centralized
14 services.
- 15 (2) Use federal incentive funds to improve the effectiveness of the State's
16 centralized child support services by supplementing and not supplanting State
17 expenditures for those services.
- 18 (3) Continue to develop and implement rules that explain the State process for
19 calculating and distributing federal incentive funding to county child support
20 services programs.

21 **SECTION 9J.6.(b)** County Child Support Services Programs. – NCCSS shall
22 allocate no less than eighty-five percent (85%) of the annual federal incentive payments it
23 receives from the federal government to county child support services programs to improve
24 effectiveness and efficiency using the federal performance measures. To that end, NCCSS shall
25 do the following:

- 26 (1) In consultation with representatives from county child support services
27 programs, examine the current methodology for distributing federal incentive
28 funding to the county programs and determine whether an alternative formula
29 would be appropriate. NCCSS shall use its current formula for distributing
30 federal incentive funding until an alternative formula is adopted.
- 31 (2) Upon adopting an alternative formula, develop a process to phase in the
32 alternative formula for distributing federal incentive funding over a four-year
33 period.

34 **SECTION 9J.6.(c)** Reporting by County Child Support Services Programs. –
35 NCCSS shall continue implementing guidelines that identify appropriate uses for federal
36 incentive funding. To ensure those guidelines are properly followed, NCCSS shall require county
37 child support services programs to comply with each of the following:

- 38 (1) Submit an annual plan describing how federal incentive funding would
39 improve program effectiveness and efficiency as a condition of receiving
40 federal incentive funding.
- 41 (2) Report annually on the following: (i) how federal incentive funding has
42 improved program effectiveness and efficiency and been reinvested into their
43 programs, (ii) provide documentation that the funds were spent according to
44 their annual plans, and (iii) explain any deviations from their plans.

45 **SECTION 9J.6.(d)** Reporting by NCCSS. – NCCSS shall submit a report on federal
46 child support incentive funding to the Joint Legislative Oversight Committee on Health and
47 Human Services and the Fiscal Research Division by November 1 of each year. The report shall
48 describe how federal incentive funds enhanced centralized child support services to benefit
49 county child support services programs and improved the effectiveness and efficiency of county
50 child support services programs. The report shall further include any changes to the State process
51

1 the NCCSS used in calculating and distributing federal incentive funding to county child support
2 services programs and any recommendations for further changes.

3
4 **SUCCESSFUL TRANSITION/FOSTER CARE YOUTH**

5 **SECTION 9J.7.(a)** The Foster Care Transitional Living Initiative Fund shall
6 continue to fund and support transitional living services that demonstrate positive outcomes for
7 youth, attract significant private sector funding, and lead to the development of evidence-based
8 programs to serve the at-risk population described in this section. The Fund shall continue to
9 support a demonstration project with services provided by Youth Villages to (i) improve
10 outcomes for youth ages 17-21 years who transition from foster care through implementation of
11 outcome-based Transitional Living Services, (ii) identify cost-savings in social services and
12 juvenile and adult correction services associated with the provision of Transitional Living
13 Services to youth aging out of foster care, and (iii) take necessary steps to establish an
14 evidence-based transitional living program available to all youth aging out of foster care. In
15 continuing to implement these goals, the Foster Care Transitional Living Initiative Fund shall
16 support the following strategies:

- 17 (1) Transitional Living Services, which is an outcome-based program that follows
18 the Youth Villages Transitional Living Model. Outcomes on more than 7,000
19 participants have been tracked since the program's inception. The program has
20 been evaluated through an independent randomized controlled trial. Results
21 indicate that the Youth Villages Transitional Living Model had positive
22 impacts in a variety of areas, including housing stability, earnings, economic
23 hardship, mental health, and intimate partner violence in comparison to the
24 control population.
- 25 (2) Public-Private Partnership, which is a commitment by private-sector funding
26 partners to match at least twenty-five percent (25%) of the funds appropriated
27 to the Foster Care Transitional Living Initiative Fund for the 2023-25 fiscal
28 biennium for the purposes of providing Transitional Living Services through
29 the Youth Villages Transitional Living Model to youth aging out of foster
30 care.
- 31 (3) Impact Measurement and Evaluation, which are services funded through
32 private partners to provide independent measurement and evaluation of the
33 impact the Youth Villages Transitional Living Model has on the youth served,
34 the foster care system, and on other programs and services provided by the
35 State which are utilized by former foster care youth.
- 36 (4) Advancement of Evidence-Based Process, which is the implementation and
37 ongoing evaluation of the Youth Villages Transitional Living Model for the
38 purposes of establishing the first evidence-based transitional living program
39 in the nation. To establish the evidence-based program, additional randomized
40 controlled trials may be conducted to advance the model.

21 months. The Commission may not award a license if the applicant or a key person of the applicant
22 has been convicted of a felony or any gambling offense in any state or federal court of the United
23 States within 10 years of application or renewal. An applicant and key persons for licensure shall
24 consent to a criminal history record check. Refusal to consent to a criminal history record check
25 may constitute grounds for the Commission to deny licensure.

26 (f) The Commission shall review and issue licenses to qualified applicants within 60 days
27 of receipt of a completed application. The Commission may extend the review period for an
28 additional 30 days if the background check is outstanding.

33 disclosure of ownership and control as determined by the Commission.

34 (2) Investment funds or entities registered with the Securities and Exchange
35 Commission, including Investment Advisors and entities under the
36 management of the Securities and Exchange Commission, that are direct or
37 indirect shareholders of the applicant, shall be waived in the applicant's
38 disclosure of ownership and control as determined by the Commission.

39 (h) A sports wagering supplier license or a provisional sports wagering supplier license
40 shall be sufficient to offer the sports wagering services under this Article.

41 (i) A person holding a sports wagering supplier license or its equivalent, on the basis of
42 comparable licensing requirements issued to that person by a proper authority by another state or
43 territory of the United States or the District of Columbia if that jurisdiction's requirements for
44 licensure, certification, or registration are substantially equivalent to or exceed the requirements
45 of this State, and who, in the opinion of the Commission otherwise meets the requirements of
46 this Article based upon verified evidence may, upon application, be licensed as a service provider
47 with or without further examination, as determined by the Commission.

48 (j) No sports wagering supplier license is assignable or transferable without approval of
49 the Commission.

50 **"§ 18C-197. Renewals of licenses.**

51 (a) Any license issued pursuant to this Article shall be valid for five years.

1 **(b)** At least 60 days prior to the expiration of a license, the license holder shall submit a

4 **(2)** Fifty thousand dollars (\$50,000) for a service provider license.

6 **(c)** The Commission may revoke or deny a license renewal for any of the following
7 reasons:

9 G.S. 18C-193(g).
10 **(2)** A violation of this Article.
11 **(3)** Failure to pay the privilege tax imposed under Article 2E of Chapter 105 of
12 15 the General Statutes.

13 **(d)** With respect to interactive sports wagering operators, the Commission may deny a
14 license renewal if the Commission finds good cause to believe approval of another applicant
15 would better meet the objectives of this Article in generating revenue for the State, protecting the
16 public interest, and otherwise satisfying the criteria for issuance, and no additional licenses are
17 to be available under G.S. 18C-193(a).

18 **§ 18C-198. Use of proceeds.**

19 **(a)** The Commission shall use the funds remitted to it pursuant to G.S. 105-113.128 and
20 any proceeds from license fees collected under this Article to cover expenses in administering
21 this Article. Any proceeds remaining at the end of each fiscal year after payment of expenses of
22 the Commission pursuant to this section shall be remitted to the General Fund.

36 **(6)** Allow persons to voluntarily exclude themselves under G.S. 18C-922 from
37 placing sports wagers through its sports wagering platform as set forth in this
38 Article.
39 **(7)** Establish procedures to detect suspicious or illegal sports wagering activity.
40 **(8)** Provide for the reporting of income tax of registered players where required
41 by applicable State or federal law.
42 **(9)** Prevent a participant in a sporting event, including an athlete, coach, trainer,
43 official, or any employee or staff of a participant from placing a sports wager
44 on that sporting event in which the participant is participating.

45 **(b)** For three years after a sporting event occurs, interactive sports wagering operators
46 shall maintain records on:

- 47 **(1)** All sports wagers, including the identity of the registered player.
48 **(2)** The amount, type, time, location, and outcome of the wager, including the IP
49 address, if available.
50 **(3)** Suspicious or illegal sports wagering activity.

1 (c) The interactive sports wagering operator shall disclose the records described in
2 subsection (b) of this section to the Commission upon request.

4 sharing for sports wagers placed on its sporting events is necessary, interactive sports wagering
5 operators shall share with that sports governing body or its designee in real time, at the account
6 level, anonymized information regarding a registered player, amount and type of sports wager,
7 the time the sports wager was placed, the location of the registered player at the time the sports
8 wager was placed, and the IP address if applicable, outcome of the sports wager, and records of

17 (3) It provides information about or links to resources related to gambling
18 addiction and prevention.

19 (4) It is not misleading to a reasonable person.

21 checks shall search for criminal history and any charges or convictions involving corruption or
22 manipulation of sporting events and association with organized crime.

23 (g) Interactive sports wagering operators and service providers shall employ
24 commercially reasonable methods to maintain the security of wagering data, registered player
25 and other customer data, and any other confidential information, including information provided
26 by a sports governing body, from unauthorized access and dissemination. All servers necessary
27 to the placement and resolution of a sports wager, other than back-up servers, shall be physically
28 located in this State. Consistent with federal law, nothing in this subsection shall preclude the
29 use of internet or cloud-based hosting, or the use of back-up servers located outside of this State.

30 (h) Each interactive sports wagering operator shall provide a daily summary of all sports

50 service provider license when placing sports wagers with that interactive
51 sports wagering operator.

- 42 (a) A sports governing body may submit to the Commission in writing a request to
43 restrict, limit, or exclude a certain type, form, or category of sports wagering with respect to
44 sporting events of such body, if the sports governing body believes that such type, form, or
45 category of sports wagering with respect to sporting events of such body may undermine the
46 integrity or perceived integrity of such body or sporting events of such body. The Commission
47 shall request comment from sports wagering operators on all such requests. After giving due
48 consideration to all comments received, the Commission shall, upon a demonstration of good
49 cause from the requestor that such type, form, or category of sports wagering is likely to
50 undermine the integrity or perceived integrity of such body or sporting events of such body, grant
51 the request. The Commission shall respond to a request concerning a particular event before the

1 start of the event, or if it is not feasible to respond before the start of the event, no later than seven
2 days after the request is made. If the Commission determines that the requestor is more likely
3 than not to prevail in successfully demonstrating good cause for its request, the Commission may
4 provisionally grant the request of the sports governing body until the Commission makes a final
5 determination as to whether the requestor has demonstrated good cause. Absent such a
6 provisional grant by the Commission, sports wagering operators may continue to offer sports
7 wagering on sporting events that are the subject of such a request during the pendency of the
8 Commission's consideration of the applicable request.

9 (b) The Commission and interactive sports wagering operators shall cooperate with
10 investigations conducted by sports governing bodies or law enforcement agencies, including
11 using commercially reasonable efforts to provide or facilitate the provision of sports wagering
12 information. All disclosures under this section are subject to an interactive sports wagering
13 operator's obligations to comply with all federal, State, and local laws and regulations, including
14 those relating to privacy and personally identifiable information.

15 (c) Interactive sports wagering operators are not required to use official league data for
16 determining any of the following:

17 (1) The results of tier one sports wagers on sporting events of any organization
18 whether headquartered in the United States or elsewhere.

19 (2) The results of tier two sports wagers on sporting events of organizations that
20 are not headquartered in the United States.

21 (d) A sports governing body may notify the Commission that it desires interactive sports
22 wagering operators to use official league data to settle tier two sports wagers on sporting events
23 of such sports governing body. Such notification shall be made in the form and manner as the
24 Commission may require. The Commission shall notify each interactive sports wagering operator
25 of a sports governing body's notification within five days of the Commission's receipt of such
26 notification. If a sports governing body does not so notify the Commission, an interactive sports
27 wagering operator is not required to use official league data for determining the results of tier
28 two sports wagers on sporting events of such sports governing body.

29 (e) Within 60 days of the Commission notifying each interactive sports wagering
30 operator of such a sports governing body notification to the Commission, or such longer period
31 as may be agreed between the sports governing body and the applicable interactive sports
32 wagering operator, interactive sports wagering operators shall use only official league data to
33 determine the results of tier two sports wagers on sporting events of that sports governing body,
34 unless any of the following apply:

35 (1) The sports governing body or its designee cannot provide a feed of official
36 league data to determine the results of a particular type of tier two sports
37 wager, in which case interactive sports wagering operators are not required to
38 use official league data for determining the results of the applicable tier two
39 sports wager until such time as such a data feed becomes available from the
40 sports governing body on commercially reasonable terms and conditions.

41 (2) An interactive sports wagering operator can demonstrate to the Commission
42 that the sports governing body or its designee will not provide a feed of official
43 league data to the interactive sports wagering operator on commercially
44 reasonable terms and conditions.

45 (3) The sports governing body or its designee of the sports governing body does
46 not obtain a supplier license from the Commission to provide official league
47 data to interactive sports wagering operators to determine the results of tier
48 two sports wagers, if and to the extent required by law.

49 (f) During the pendency of the Commission's determination as to whether a sports
50 governing body or its designee will provide a feed of official league data on commercially
51 reasonable terms, an interactive sports wagering operator is not required to use official league

1 data for determining the results of tier two sports wagers. The Commission's determination shall
2 be made within 60 days of the interactive sports wagering operator notifying the Commission
3 that it desires to demonstrate that the sports governing body or its designees will not provide a
4 feed of official league data to the sports wagering operator on commercially reasonable terms.
5 The following is a non-exclusive list of factors the Commission may consider in evaluating
6 whether official league data is being offered on commercially reasonable terms and conditions
7 for purposes of this subsection and subsections (d) and (e) of this section:

- 8 (1) The extent to which interactive sports wagering operators have purchased the
9 same or similar official league data on the same or similar terms, particularly
10 in jurisdictions where such purchase was not required by law, or was required
11 by law, but only if offered on commercially reasonable terms.
- 12 (2) The nature and quantity of the official league data, including its speed,
13 accuracy, reliability, and overall quality, as compared to comparable
14 non-official data.
- 15 (3) The quality and complexity of the process used to collect and distribute the
16 official league data as compared to comparable non-official data.
- 17 (4) The availability of a sports governing body's tier two official league data to an
18 interactive sports wagering operator from more than one authorized source.
- 19 (5) Market information, including price and other terms and conditions, regarding
20 the purchase by interactive sports wagering operators of comparable data for
21 the purpose of settling sports wagers in this State and other jurisdictions.
- 22 (6) The extent to which sports governing bodies or their designees have made data
23 used to settle tier two sports wagers available to interactive sports wagering
24 operators and any terms and conditions relating to the use of that data.
- 25 (7) Any other information the Commission deems relevant.

26 (g) Interactive sports wagering operators shall, as soon as practicable, report to the
27 Commission any information relating to abnormal betting activity or patterns that may indicate
28 a concern with the integrity of a sporting event or events, or any other conduct that corrupts a
29 sports wagering outcome of a sporting event or events for purposes of financial gain, including
30 match fixing. The interactive sports wagering operator making such a report shall also
31 simultaneously report such information to the relevant sports governing body.

49 Commission:

1 (a) Tax. – A privilege tax at the rate of fourteen percent (14%) is imposed on an
2 interactive sports wagering operator for the privilege of doing business in this State. The tax is
3 imposed on the value of the privilege conferred upon the interactive sports wagering operator by
4 the State by the granting of a license under Article 10 of Chapter 18C of the General Statutes.

5 (b) Determination of Value. – The value of the privilege conferred upon the interactive
6 sports wagering operator is the adjusted gross wagering revenue of the operator as defined in
7 G.S. 18C-190. No income, revenue, or expenses of the interactive sports wagering operator other
8 than those specified in this section are used to determine the value of the privilege conferred upon

20 do not include any items or credits that are given to bettors that cannot be
21 withdrawn by the bettor immediately such as play-through credits that are not

25 sports wagering operator from all sports wagers authorized under this Article
26 and calculated as gross wagers less gross payouts and less excise tax payments
27 on sports wagers remitted to the federal government.

29 month, the interactive sports wagering operator may carry forward the
30 negative amount to the return filed for the subsequent month. No amount shall
31 be carried forward more than 12 months after the month in which the amount
32 carried forward was originally due.

33 (c) Return. – Taxes levied by this Article are due when a return is required to be filed.
34 The return is due on a monthly basis. A monthly return is due by the twentieth day of the month
35 following the calendar month covered by the return. A return is filed on a form prescribed by the
36 Secretary.

37 (d) Records. – A person who is required to file a return under this Article must keep a
38 record of all documents used to determine information the person provides in a return. These
39 records shall be open at all times for inspection by the Secretary or an authorized representative
40 of the Secretary and shall be kept for the applicable period of statute of limitations as set forth
41 under G.S. 105-242.6 or G.S. 105-242.8.

43 under this section on a sports wager that has been refunded to the registered player. The Secretary

51 payable to the State, and in the form required by the Secretary. The amount of the bond is two

2 as determined by the Secretary, provided the amount of the bond may not be less than fifty
3 thousand dollars (\$50,000) and may not be more than two million dollars (\$2,000,000). The
4 Secretary should periodically review the sufficiency of bonds required of interactive sports
5 wagering operators and increase the amount of a required bond when the amount of the bond
6 furnished no longer covers the anticipated tax liability of the interactive sports wagering operator
7 and decrease the amount when the Secretary determines that a smaller bond amount will
8 adequately protect the State from loss.

9 For purposes of this section, an interactive sports wagering operator may substitute an
10 irrevocable letter of credit for the secured bond required by this section. The letter of credit must
11 be issued by a commercial bank acceptable to the Secretary and available to the State as a
12 beneficiary. The letter of credit must be in a form acceptable to the Secretary, conditioned upon
13 compliance with this Article, and in the amounts stipulated in this section.

14 **"§ 105-113.128. Use of tax proceeds.**

15 The Secretary shall distribute the taxes collected under this Article, less the allowance to the
16 Department of Revenue and reimbursement to the Lottery Commission for administrative
17 expenses, in accordance with this section. The Secretary may retain the cost of collection by the
18 Department, not to exceed five hundred thousand dollars (\$500,000) a year, as reimbursement to
19 the Department. The Lottery Commission shall, no later than 20 days after the end of the month,
20 notify the Department of its expenses from administering the provisions of Article 10 of Chapter
21 18C of the General Statutes from the previous month. The Department shall reimburse the
