8 The General Assembly of North Carolina enacts:

9 SECTION 1. Effective October 1, 2024, Chapter 75 of the General Statutes is
10 amended by adding a new Article to read:

11 "Article 2B.

12 "Social Media Algorithmic Control in Information Technology Act.

13 "**§ 75-70. Title; definitions.**

14 (a) This Article shall be known and may be cited as the "Social Media Algorithmic
15 Control in Information Technology Act."

16 (b) Definitions. – The following definitions apply in this Article:

18 used to suggest, promote, or rank information.

1 platforms. Special protections are warranted for users who are minors. Therefore, the operator of
2 a social media platform shall comply with all of the following requirements:

- 3 (1) The platform's privacy policy must be accessible on the platform's website
4 with the disclosure of how user data will be used by the platform stated in a
5 succinct and easy to understand statement that communicates the true intent
6 of the use in less than 250 words.
- 7 (2) User data may be used in algorithmic recommendations only when the user
8 has been notified and consents to the use of the data in such manner.
- 9 (3) Requests for data access that will be used to inform algorithmic
10 recommendations shall require full disclosure of the use of the data, including
11 third-party use. This notification shall be separate and distinct from the
12 platform's terms of service notification.
- 13 (4) The platform must be fully functional for a user without the user having to
14 give consent for their user data to be used to inform algorithmic
15 recommendations.
- 16 (5) The platform must use an age verification system that requires a user to
17 self-attest to their age.

18 Beginning October 1, 2024, and then annually thereafter, a social media platform shall
19 provide the Consumer Protection Division of the North Carolina Department of Justice
20 (Division) with a digital copy of the platform's privacy policy and certification that the platform
21 has complied with the requirements of this subsection. Platforms shall provide notice of
22 substantive privacy policy changes to the registry. The Division shall maintain a registry of these
23 policies and certifications on its internet website.

24 (b) Targeting Minors Prohibited. – The operator of a social media platform must control
25 algorithmic recommendation systems so that no minor's user data is used:

- 26 (1) To inform content recommendations to the minor. This requirement is not
27 intended to prevent algorithmic recommendations from being shown as a
28 direct result of explicit actions, such as showing posts from accounts a user
29 follows in a chronological feed, but it is intended to prevent any data,
30 including follows, from being used in an algorithm to generate algorithmic
31 recommendations.
- 32 (2) To inform what advertisements or promotions are shown to minors. This
33 requirement is not intended to prevent the showing of advertisements or
34 promotions that are shown to the user based upon explicit actions, such as
35 being based on the results of a search initiated by the user on the platform.

36 The operator of a social media platform may be held liable for violating this subsection if the
37 operator of the social media platform knew or had reason to know that the user was a minor. The
38 operator of a social media platform that has made an estimation of a user's age based upon the
39 user's self-attestation is not liable if the user was a minor who falsely attested to not being a
40 minor.

41 (c) Exceptions. – A social media algorithm that is intended to block access to
42 inappropriate or harmful content to an account holder that is a minor is exempt from the
43 requirements of this section.

44 **"§ 75-72. Investigation; enforcement; private right of action.**

45 (a) Violations. – Effective January 1, 2025, a platform's violation of this Article is an
46 unfair or deceptive act or practice under G.S. 75-1.1.

47 (b) Investigations. – The Attorney General shall monitor social media platforms for
48 compliance with this Article.

49 (c) Complaints. – A user may make a complaint to the Attorney General alleging that a
50 social media platform has failed to comply with the requirements of this Article. The Attorney
51 General may bring a civil action in any case in which the Attorney General has reason to believe

1 that the interest of the residents of this State has been or is threatened due to noncompliance with
2 this Article.

3 (d) Private Right of Action. – No private right of action may be brought by an individual
4 for a violation of this Article unless the individual is harmed as a result of the violation.
