A BILL TO BE ENTITLED

AN ACT ENACTING THE "YOUTH END NICOTINE DEPENDENCE ACT" OR "YOUTH  
END ACT."

Whereas, in North Carolina, use of electronic cigarettes among high school students  
has risen one thousand one hundred twenty-nine percent (1,129%) since 2011; and

Whereas, in North Carolina, twenty-seven and three-tenths percent (27.3%) of youth  
use tobacco products; and

Whereas, electronic cigarettes are tobacco products under North Carolina law; and

Whereas, youth are becoming addicted to electronic cigarettes at an alarming rate and  
are finding it difficult to quit; and

Whereas, the United States Surgeon General has reported that use of products  
containing nicotine in any form among young people is unsafe, secondhand electronic cigarette  
aerosol that is exhaled into the air by users is not harmless, and states must take action to prevent  
harm rather than waiting for harm to occur; and

Whereas, evidence shows that funding to create state and community interventions  
that encourage individuals to avoid tobacco use and help perpetuate social norms that discourage  
tobacco use are some of the most effective ways to prevent tobacco use and tobacco-related  
chronic disease and death among youth; and

Whereas, North Carolina receives approximately one hundred forty million dollars  
(\$140,000,000) every year from the Tobacco Master Settlement Agreement, which was intended  
to be used for tobacco use prevention programs; and

Whereas, by spending a fraction of the Tobacco Master Settlement Agreement funds  
on prevention, North Carolina can save on future medical costs caused by tobacco-related  
illnesses and prevent thousands of youth from becoming daily tobacco users; and

Whereas, the General Assembly finds that an investment of seventeen million dollars  
(\$17,000,000) per year in tobacco use prevention programs is required to prevent youth electronic  
cigarette nicotine dependence in North Carolina; Now, therefore,

The General Assembly of North Carolina enacts:
