SESSION 2025**

**SENATE BILL 350**

Short Title: Marijuana Justice and Reinvestment Act. (Public)

Sponsors: Senators Meyer, Chaudhuri, and Murdock (Primary Sponsors).

Referred to: Rules and Operations of the Senate

March 20, 2025

A BILL TO BE ENTITLED  
AN ACT TO LEGALIZE AND REGULATE THE SALE, POSSESSION, AND USE OF  
CANNABIS IN NORTH CAROLINA.

The General Assembly of North Carolina enacts:

**PART I. LEGALIZATION OF POSSESSION AND SALE OF CANNABIS**

**SECTION 1.1.(a)** The General Statutes are amended by adding a new Chapter to  
read:

**"Chapter 18D.**

**"Regulation of Cannabis.**

**"Article 1.**

**"General Provisions.**

**"§ 18D-100. Findings.**

The General Assembly finds all of the following:

- (1) Cannabis prohibition, like alcohol prohibition before it, has been a wasteful and destructive failure. About half of Americans admit to having used cannabis despite more than eight decades of prohibition.
- (2) Regulating cannabis similarly to alcohol will replace the uncontrolled illicit market with a well-regulated system. Legalization allows regulation and control to protect consumers, workers, communities, and the environment.
- (3) The prohibition of cannabis has had an unfair, disparate impact on persons and communities of color. A 2020 report by the American Civil Liberties Union found black individuals are three and six-tenths times as likely as white individuals to be arrested for cannabis possession, despite nearly identical use rates.
- (4) The prohibition of cannabis diverts law enforcement resources from violent and property crimes and subjects civilians to unnecessary police interactions.
- (5) Keeping cannabis illegal deprives the State of thousands of legal jobs and hundreds of millions of dollars in tax revenue.
- (6) The use of cannabis should be legal for persons 21 years of age or older and subject to taxation and regulation in a manner that does all of the following:
  - a. Controls the production and distribution of cannabis under a system of licensing, regulation, and taxation.
  - b. Includes lab testing, potency labeling, secure packaging, restrictions on advertising, and education about responsible use and risks.

- c. Fosters a responsible industry, whereby businesses will only be allowed to expand if they prioritize diversity, good wages, sustainability, and community investment.
- d. Promotes the participation of individuals most impacted by cannabis prohibition in the legal, regulated industry.
- e. Generates needed revenue, including to reinvest in communities that have been disproportionately impacted by prohibition, for substance abuse treatment and education, and to train more law enforcement officers to detect impaired driving.

(7) It is necessary to ensure consistency and fairness in the application of this Chapter throughout the State and that, therefore, the matters addressed by this Chapter are, except as specified herein, matters of statewide concern.

**"§ 18D-101. Definitions.**

Unless the context requires otherwise, the following definitions apply in this Chapter:

The Office of Community Reinvestment shall distribute funds from the Community Reinvestment and Repair Fund in a manner that improves the well-being of communities and individuals that have been significantly impacted by poverty, unemployment, cannabis prohibition, mass incarceration, or systemic racism. (c) The Commission may begin accepting and processing applications to operate cannabis establishments from applicants other than community reinvestment applicants no earlier than one year and 180 days after the effective date of this Chapter.

(d) Upon receiving an application or renewal application for a cannabis establishment, the Commission shall immediately forward a copy of each application and half of the registration application fee to the local regulatory authority for the locality in which the applicant desires to operate the cannabis establishment, unless the locality has not designated a local regulatory authority.

(a) Notwithstanding any other provision of law, engaging in any activities involving cannabis, cannabis accessories, or cannabis products, if the person conducting the activities has obtained a current, valid registration to operate a cannabis establishment or is acting in his or her capacity as an owner, employee, or agent of a registered cannabis establishment and the activities are within the scope of activities allowed by the Commission for that type of cannabis establishment, is not unlawful and shall not be an offense under State law or be a basis for seizure or forfeiture of assets under State law.

**"§ 18D-510. Verifying the age of cannabis consumers.**

(a) A cannabis establishment or an agent or staffer of a cannabis establishment may not sell, deliver, distribute, give, transfer, or otherwise furnish cannabis to a person under the age of 21.

(b) Except as otherwise provided in this section, in a prosecution for selling, transferring, delivering, distributing, giving, or otherwise furnishing cannabis, cannabis products, or cannabis accessories to any person who is under 21 years of age, it is a complete defense if both of the following requirements are met:

(1) The person who sold, gave, or otherwise furnished cannabis, cannabis products, or cannabis accessories was a retail cannabis store or on-site consumption establishment or was acting in his or her capacity as an owner, employee, or agent of a retail cannabis store or on-site consumption establishment at the time the cannabis, cannabis products, or cannabis accessories were sold, given, or otherwise furnished to the person.

(2) Before selling, giving, or otherwise furnishing cannabis, cannabis products, or cannabis accessories to a person who is under 21 years of age, the person who sold, gave, or otherwise furnished the cannabis or cannabis accessories or a staffer or agent of the retail cannabis store was shown a document that appeared to be issued by an agency of a federal, state, tribal, or foreign sovereign government and that indicated that the person to whom the cannabis or cannabis accessories were sold, given, or otherwise furnished was 21 years of age or older at the time the cannabis or cannabis accessories were sold, given, or otherwise furnished to the person.

(c) Subsection (b) of this section does not apply if both of the following requirements are met:

(1) The document that was shown to the person who sold, gave, or otherwise furnished the cannabis, cannabis products, or cannabis accessories was counterfeit, forged, altered, or issued to a person other than the person to whom the cannabis, cannabis products, or cannabis accessories were sold, given, or otherwise furnished.

(2) Under the circumstances, a reasonable person would have known or suspected that the document was counterfeit, forged, altered, or issued to a person other than the person to whom the cannabis, cannabis products, or cannabis accessories were sold, given, or otherwise furnished.

**"§ 18D-511. Occupational licensing.**

(a) A holder of a professional or occupational license may not be subject to professional discipline for providing advice or services related to cannabis establishments or applications to operate cannabis establishments on the basis that cannabis is illegal under federal law.

(b) An applicant for a professional or occupational license may not be denied a license based on previous employment related to cannabis establishments operating in accordance with State law.

**"§ 18D-512. Private property and tenant rights.**

(a) Except as provided in this section, the provisions of this Chapter do not require any person, corporation, or any other entity that occupies, owns, or controls a property to allow the consumption, cultivation, display, sale, or transfer of cannabis on or in that property.

(b) Except as provided in this section, a landlord or property manager may not refuse to rent to a tenant, or otherwise discriminate against the tenant, based on a past conviction for a cannabis offense.

(c) Except as provided in this section, in the case of the rental of a residential dwelling, a landlord or property manager may not prohibit the possession of cannabis or the consumption of cannabis by nonsmoked means.

(d) Subsections (a) through (c) of this section do not apply if any of the following requirements are met:

(1) The tenant is not leasing the entire dwelling.

(2) The residence is incidental to detention or the provision of medical, geriatric, educational, counseling, religious, or similar service.

(3) The residence is a transitional housing or sober living facility.

(4) Failing to prohibit cannabis possession or consumption would violate federal law or regulations or cause the landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(e) After a warning, a landlord or property manager may take action against a tenant if the tenant's use of cannabis creates an odor that interferes with others' peaceful enjoyment of their home or property.

**"§ 18D-513. Contracts enforceable.**

It is the public policy of this State that contracts related to the operation of a cannabis establishment registered pursuant to this Chapter should be enforceable. It is the public policy of this State that no contract entered into by a cannabis establishment or its employees or agents as permitted pursuant to a valid registration, or by those who allow property to be used by a cannabis establishment, its employees, or its agents as permitted pursuant to a valid registration, shall be unenforceable on the basis that cultivating, obtaining, manufacturing, distributing, dispensing, transporting, selling, possessing, or using cannabis or hemp is prohibited by federal law.

**"§ 18D-514. Respecting State law.**

(a) No law enforcement officer employed by an agency that receives State or local government funds shall expend any State or local resources, including the officer's time, to effect any arrest or seizure of cannabis, or conduct any investigation, on the sole basis of activity the officer believes to constitute a violation of federal law if the officer has reason to believe that such activity is in compliance with this Chapter, nor shall any such officer expend any State or local resources, including the officer's time, to provide any information or logistical support related to such activity to any federal law enforcement authority or prosecuting entity.

(b) No agency or political subdivision of the State may rely on a violation of federal law related to cannabis as the sole basis for taking an adverse action against a person.

(c) For the purposes of State law, actions related to cannabis are considered lawful as long as they are in accordance with this Chapter.

**"§ 18D-515. Rulemaking.**

(a) Not later than 180 days after the effective date of this Chapter, the Commission shall adopt rules necessary for implementation of this Chapter. Such rules shall not prohibit the operation of cannabis establishments, either expressly or through application, nor require such a high investment of risk, money, time, or any other resource or asset that the operation of a cannabis establishment is not worthy of being carried out in practice by a reasonably prudent businessperson. Such regulations shall include all of the following:

(1) Procedures for the issuance, renewal, suspension, and revocation of a registration to operate a cannabis establishment, with such procedures subject to all requirements of Chapter 150B of the General Statutes.

(2) Rules, procedures, and policies to promote and encourage full participation in the regulated cannabis industry by people from communities that have previously been disproportionately harmed by cannabis prohibition and enforcement and to positively impact those communities, which shall reflect input from the Office of Community Reinvestment, including all of the following:

**SECTION 2.1.** Chapter 90 of the General Statutes is amended by adding a new Article to read:

"Article 44.

"North Carolina Medical Cannabis Act.

**"§ 90-748. Short title.**

This Article shall be known and may be cited as the "North Carolina Medical Cannabis Act."

**"§ 90-749. Definitions.**

The following definitions apply in this Article:

- (1) Department. – The North Carolina Department of Health and Human Services.
- (2) Patient. – A person who has been issued a written certification described in G.S. 90-751.
- (3) Physician. – A person who is licensed to prescribe drugs under the laws of this State.

**"§ 90-750. Protections for the medical use of cannabis.**

- (a) A patient shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for the possession or purchase of cannabis for medical use by the patient if the quantity of usable cannabis possessed or purchased does not exceed an adequate supply, as determined by the North Carolina Medical Care Commission.

- (b) A designated caregiver shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including imposition of a civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for the possession or purchase of cannabis for medical use by the patient if the quantity of usable cannabis possessed or purchased does not exceed an adequate supply for the patient, as determined by the North Carolina Medical Care Commission.

- (c) Subsection (a) of this section does not apply to a patient under 18 years of age, unless all of the following criteria are met:

- (1) The patient's physician has explained the potential risks and benefits of the medical use of cannabis to the patient and to a parent, guardian, or person having legal custody of the patient.
- (2) A parent, guardian, or person having legal custody of the patient consents in writing to (i) allow the patient's medical use of cannabis, (ii) serve as the patient's designated caregiver, and (iii) control the dosage and frequency of the medical use of cannabis by the patient.

- (d) A patient or a designated caregiver shall be granted the full legal protections provided by this Article as long as the patient or designated caregiver is in possession of a registry identification card issued by the Department of Health and Human Services. If the patient or designated caregiver is not in possession of a registry identification card, the individual shall be given an opportunity to produce the registry identification card before the initiation of any arrest, criminal charges, or other penalties.

- (e) A patient or a designated caregiver is presumed to be engaged in the medical use of cannabis if the patient or designated caregiver is in possession of a registry identification card and an amount of cannabis that does not exceed the patient's adequate supply. This presumption may be rebutted only by evidence that the patient or designated caregiver engaged in conduct

related to cannabis for a purpose other than alleviating a medical condition of the patient or symptoms associated with the medical condition.

(f) A designated caregiver may receive reimbursement for costs associated with assisting a patient in the medical use of cannabis. Reimbursement for these costs does not constitute the sale of a controlled substance under Article 5 of this Chapter of the General Statutes.

(g) A school, employer, or landlord shall neither refuse to enroll, employ, or lease to nor otherwise penalize a patient or designated caregiver solely because of (i) the individual's status as a patient or a designated caregiver or (ii) the presence of cannabis metabolites resulting from medical use of cannabis in the individual's bodily fluids.

(h) For the purposes of medical care, including organ transplants, a patient's authorized use of cannabis in accordance with this Article shall be treated in the same manner as the authorized use of any other medication used at the direction of a physician and shall not constitute the use of an illegal substance.

(i) A physician shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, or subject to increased monitoring or disciplinary action by the North Carolina Medical Board or any other business or occupational or professional licensing board or bureau for either of the following:

(1) Advising a patient about the risks and benefits of the medical use of cannabis or that the patient may benefit from the medical use of cannabis if, in the physician's medical judgment, the potential benefits of the medical use of cannabis would likely outweigh the health risks for that particular patient.

(2) Providing the patient with valid documentation, based upon the physician's assessment of that patient's medical history and current medical condition, that the potential benefits of the medical use of cannabis would likely outweigh the health risks for that particular patient.

(j) A physician shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, or subject to disciplinary action by a business or occupational or professional licensing board or bureau for discussing with a patient the benefits or health risks of the medical use of cannabis or the interaction of cannabis with other substances.

(k) State and local law enforcement officers shall not harm, neglect, injure, or destroy an individual's interest in or right to property that is possessed, owned, or used in connection with the medical use of cannabis, or acts incidental to the medical use of cannabis, while the property is in the possession of State or local law enforcement officials as a result of a seizure of the property in connection with the claimed medical use of cannabis. A person does not forfeit any right or interest in property seized in connected with the medical use of cannabis under any provision of State law providing for the forfeiture of property, unless the forfeiture is part of a sentence imposed upon the person as a result of a conviction of a criminal violation of this Article or entry of a plea of guilty to such violation. Cannabis, paraphernalia, or other property seized from a patient or designated caregiver in connection with the claimed medical use of cannabis shall be returned immediately upon the determination by a court, prosecutor, or law enforcement officer that the patient or designated caregiver is entitled to the protections of this Article. In making this determination, the court, a prosecutor, or a law enforcement officer shall consider as evidence the failure of law enforcement officers to actively investigate the case, a decision not to prosecute, the dismissal of charges, or acquittal.

(l) A person shall not be denied custody of, or visitation or parenting time with, a minor for conduct allowed under this Article.

(m) There is no presumption of neglect or child endangerment for conduct allowed under this Article.

(n) No person shall be subject to arrest or prosecution for constructive possession, conspiracy, aiding and abetting, being an accessory, or any other offense, for simply being in the

1 presence or vicinity of the medical use of cannabis as permitted under this Article or for assisting  
2 a patient with using or administering cannabis.

3 (o) Possession of or application for a registry identification card shall not alone constitute  
4 probable cause to search the person or the property of the person possessing or applying for a  
5 registry identification card or otherwise subject the person or the person's property to inspection  
6 by any government agency.

7 (p) If an individual being investigated by a law enforcement officer employed by a  
8 State-funded or locally funded law enforcement agency credibly asserts during the course of the  
9 investigation that the individual is a patient or designated caregiver, neither the law enforcement  
10 officer nor the law enforcement agency shall provide any information, except as required by  
11 federal law or the United States Constitution, from any cannabis-related investigation of the  
12 individual to any law enforcement authority that does not recognize the protections of this  
13 Article. Any prosecution of the individual for a violation of this Article shall be conducted  
14 pursuant to the laws of this State.

15 (q) Nothing in this Article shall be construed to extend the protections of this Article to  
16 any person, including a patient or designated caregiver, to allow that person to acquire, possess,  
17 manufacture, produce, use, sell, distribute, dispense, or transport cannabis in a manner that is not  
18 consistent with this Article.

19 **"§ 90-751. Registry identification cards for patients and designated caregivers.**

20 (a) The Department shall issue a registry identification card to any patient or designated  
21 caregiver who meets the requirements of this section.

22 (b) The Department shall not issue or renew a registry identification card to a patient  
23 under 18 years of age unless each of the following criteria is met:

24 (1) The patient's physician has explained the potential risks and benefits of the  
25 medical use of cannabis to the patient and to a parent, guardian, or person  
26 having legal custody of the patient.

27 (2) A parent, guardian, or person having legal custody of the patient consents in  
28 writing to (i) allow the patient's medical use of cannabis, (ii) serve as one of  
29 the patient's designated caregivers, and (iii) control the acquisition of the  
30 cannabis, the dosage, and the frequency of medical use of cannabis by the  
31 patient.

32 (c) The Department shall verify the information contained in a registry identification card  
33 application or renewal application submitted pursuant to this section and shall approve or deny  
34 an application or renewal application within 45 days after receipt. The Department may deny a  
35 registry identification card application or renewal application only if the applicant fails to provide  
36 the information required pursuant to this section or if the Department determines that the  
37 application or renewal application contains false information. If the Department fails to approve  
38 or deny a registration application or renewal application submitted pursuant to this section within  
39 45 days after receipt, the application or renewal application shall be deemed approved and a copy  
40 of the application or renewal application together with proof of receipt by the Department at least  
41 45 days prior to the date this information is presented in lieu of registry identification card shall  
42 be deemed a valid registry identification card.

44 designated caregivers named in a patient's approved application.

45 (e) The Department shall issue a registry identification card to an applicant within five  
46 days after approving an application or renewal application. The application or renewal  
47 application expires two years after the date of issuance.

48 (f) Each registry identification card shall contain at least all of the following information:

49 (1) The date of issuance.

50 (2) The date of expiration.

51 (3) A random registry identification number.

- 1           (4)    A photograph of the registry identification cardholder.  
2       (g)    Persons issued registry identification cards shall be subject to the following:  
3           (1)    A patient who has been issued a registry identification card shall notify the  
4                Department of any change in the patient's name, address, or designated  
5                caregiver and submit a ten dollar (\$10.00) fee to the Department within 15  
6                days after the change occurs. A patient who fails to notify the Department of  
7                any of these changes within the specified time frame commits an infraction  
8                and is subject to a fine not to exceed more than one hundred fifty dollars  
9                (\$150.00).  
10          (2)    A designated caregiver shall notify the Department of any change in name or  
11                address and submit a ten dollar (\$10.00) fee to the Department within 15 days  
12                after the change occurs. A designated caregiver who fails to notify the  
13                Department of any of these changes within the specified time frame commits  
14                an infraction and is subject to a fine not to exceed one hundred fifty dollars  
15                (\$150.00).  
16          (3)    When a patient or designated caregiver notifies the Department of any change,  
17                as required by this subsection, the Department shall issue the patient and each  
18                designated caregiver a new registry identification card within 10 days after  
19                receiving the updated information and the ten dollar (\$10.00) fee.  
20          (4)    When a patient who possesses a registry identification card notifies the  
21                Department of a change in designated caregiver, the Department shall notify  
22                the designated caregiver of record of the change within 15 days after receiving  
23                notification of the change. The protections afforded under this Article to the  
24                designated caregiver of record shall expire 30 days after the designated  
25                caregiver of record is notified by the Department of the change in designated  
26                caregiver.  
27          (5)    If a patient or a designated caregiver loses a registry identification card, the  
28                cardholder shall notify the Department within 15 days after losing the card.  
29                The notification shall include a ten dollar (\$10.00) replacement fee for a new

35                designated caregiver's registry identification card.  
36       (i)    Applications and supporting information submitted by patients, including information  
37                regarding their designated caregivers and physicians, are confidential and protected under the  
38                federal Health Insurance Portability and Accountability Act of 1996.  
39       (j)    The Department shall maintain a confidential list of the persons to whom the  
40                Department has issued registry identification cards. Individual names and other identifying  
41                information on the list are confidential, exempt from the provisions of Chapter 132 of the General  
42                Statutes, and are not subject to disclosure, except to authorized employees of the Department as  
43                necessary to perform official duties of the Department.  
44       (k)    The Department shall verify to law enforcement personnel whether a registry  
45                identification card is valid solely by confirming the validity of the random registry identification  
46                number and the name of the person whom the Department has assigned the random registry  
47                identification number.  
48       (l)    Any person, including an employee or official of the Department or another State  
49                agency or local government, who breaches the confidentiality of information obtained pursuant  
50                to this section is guilty of a Class 1 misdemeanor; however, any fine imposed for a violation  
51                under this subsection shall not exceed one thousand dollars (\$1,000).

(n) Article 4 of Chapter 150B of the General Statutes governs judicial review of an administrative decision made under this section.

(o) Not later than 120 days after the effective date of this act, the North Carolina Medical Care Commission shall adopt rules to implement the provisions of this section, including defining what constitutes a qualifying medical condition and an adequate supply of medical cannabis. The rules shall establish requirements for the issuance of registry identification cards to patients and designated caregivers, which shall include at least all of the following:

(1) Written certification of a statement in a patient's medical records or a statement signed by a physician with whom the patient has a bona fide physician-patient relationship indicating that, in the physician's professional opinion, the patient is likely to receive therapeutic or palliative benefit from the medical use of cannabis to treat or alleviate the patient's qualifying medical condition or symptoms associated with the qualifying medical condition and the potential health benefits of the medical use of cannabis would likely outweigh the health risks for the patient.

(2) An application for renewal fee.

(3) The name, address, and date of birth of the patient, except that if a patient is homeless, no address is required.

(4) The name, address, and telephone number of the patient's physician.

(5) The name, address, and date of birth of each of the patient's designated caregivers, if any."
