SECTION 3. Use of Funds. – The NCWorks Commission of the Department of Commerce shall administer the fellowship program established under this act for host recipients that are businesses, schools, local governments, or private nonprofit organizations conducting business in this State and that offer qualifying fellowships to individuals. The funds appropriated for the program shall be allocated by the Commission to host recipients as follows:

- (1) Fifty percent (50%) of the funds shall be allocated for the salary and program expenses of fellows that are in their first two years immediately following high school graduation or completion of general education development (GED).
- (2) Fifty percent (50%) of the funds shall be allocated for the salary and program expenses of fellows that are in their first two years immediately following a military deployment.

Upon matching funds being made available by a host recipient in accordance with Section 4 of this act, host recipients may be reimbursed for up to thirty thousand two hundred dollars (\$30,200) per fellow each fiscal year for program expenses, including program equipment, expenses associated with payroll, mentor stipends, insurance, training, uniforms, safety equipment, and for the salary and completion award of fellows.

SECTION 4. Matching Funds for Fellowship Cost. – Funds made available to host recipients for program expenses, salary, and the completion award of fellows shall be matched on the basis of one dollar (\$1.00) in non-State funds for every one dollar (\$1.00) in State funds. Fellows participating in the grant program paid with matching State funds shall be limited to a weekly rate of pay of six hundred dollars (\$600.00). Of the funds appropriated under this act, the Commission may use up to one thousand dollars (\$1,000) per fellow per year for the biannual fellows conferences.

SECTION 6. Report. – The NCWorks Commission shall submit a report by June 15, 2026, and each year of the program thereafter, to the Senate Committee on Commerce and Insurance, the House Committee on Commerce and Economic Development, and the Fiscal Research Division on the fellowship program and the use of funds for each type of qualifying fellowship under Section 2 of this act, matching funds provided by host recipients, as well as salary data.

SECTION 7. Intent. – It is the intent of the General Assembly to continue growing the Program at a rate of an additional 100 fellows per year until 1,000 individuals are participating annually, at which level it is the intent of the General Assembly to maintain the Program.

SECTION 8. Appropriation. – There is appropriated from the General Fund to the Department of Commerce the sum of one million four hundred eighty-five thousand dollars (\$1,485,000) in nonrecurring funds to implement the Program in accordance with this act.
