- (3) Prior to administration to students in kindergarten through third grade, a copy of any student well-being questionnaire or health screening form and the means for the parent to consent to the use of the questionnaire or form for his or her child.
- (4) Prior to or contemporaneous with changes, notice of changes in services or monitoring related to his or her child's mental, emotional, or physical health or well-being and the school's ability to provide a safe and supportive learning environment for that child.
