

NORTH CAROLINA GENERAL ASSEMBLY

2025 Session

Legislative Incarceration Fiscal Note

Short Title: Personal Privacy Protection Act.
Bill Number: Senate Bill 416 (Second Edition)
Sponsor(s):

FISCAL IMPACT SUMMARY

Criminal offenses are classified as misdemeanors (Class 3 as the lowest and Class A1 as the highest) and felonies (Class I to Class A). There are three types of legislative changes to offenses that may result in a fiscal impact to the State's criminal justice system: creating a new offense, changing the class of an existing offense, or changing the scope of an existing offense.

This proposed legislation would create a new Class 1 misdemeanor for unlawfully collecting, disclosing, or releasing personal information about members, volunteers, and financial and nonfinancial donors to 501(c) nonprofit organizations. Because these are new charges, there is no data to predict how many individuals may be charged or convicted. **Therefore, Fiscal Research is unable to project the fiscal impact** of the proposed legislation on the criminal justice system.

Each additional person charged under the proposed offenses will have a cost to the judicial system and each additional person convicted will have a cost to the correction system. The **cost of one charge and conviction** is listed in the table below, along with the percent of cases that incur those costs at that offense level.

Cost of One Charge and Conviction, S416 v.2										
Offense Class	Prosecution and Defense		Active Sentence					Suspended Sentence		
	Admin. Office of the Courts	Indigent Defense Services	DAC - Confinement			DAC - Post-Release Supervision (PRS)		DAC - Probation		
	Cost	Cost	Rate	Cost	Length (Mo.)	Cost	Length (Mo.)	Rate	Cost	Length (Mo.)
Misdemeanor										
1	\$346	\$254	0%	\$0	0	\$0	0	61%	\$3,931	14

Note: Court costs reflect the average cost per disposition. Costs for active sentences, probation, and post-release supervision reflect the total cost of the sentence or supervision period. Costs to the Statewide Misdemeanant Confinement Program (SMCP) only occur for active sentences > 90 days and impaired driving.

FISCAL ANALYSIS

Bill Summary:

The proposed legislation amends Chapter 55A of the General Statutes to add Article 18, The Personal Privacy Protection Act. The article prohibits public agencies from collecting, disclosing, or releasing personal information about members, volunteers, and financial and nonfinancial donors to 501(c) nonprofit organizations, except as permitted by State or federal law or regulation. A person who knowingly violates the Article is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than \$1,000 or both.

Although the misdemeanor offense level is not specified, under G.S. 14-3(a), Punishment of misdemeanors, when no specific punishment is prescribed by statute for a misdemeanor, the activity is punished as a Class 1 misdemeanor. Thus, a violation of this proposed legislation is being treated **as a new Class 1 misdemeanor**. Because this is a new offense, there is no historic data available for cost projections, and as such **Fiscal Research is unable to provide any cost projections for this proposed legislation.**

Capital Expenses

Capital costs emerge when prison bed demand exceeds capacity. Based on the most recent prison population and bed capacity projections from the Sentencing and Policy Advisory Commission (SPAC), the State will have sufficient prison beds available beyond the five-year fiscal note horizon. Therefore, Fiscal Research anticipates there will be no additional prison capital requirements as a result of this proposed legislation.

Operating Expenses

The table in the Fiscal Impact Summary lists the costs specific to the charge or charges included in this proposal.

TECHNICAL CONSIDERATIONS

- Offense changes are typically effective on December 1. FRD assumes that costs incurred in the first year to the judicial and correction systems would be less than annualized costs due to lag time in charges and convictions.
- This estimate assumes that expanding existing or creating new criminal offenses produces no deterrent or incapacitative effect on crime rates. Likewise, FRD assumes no deterrent effects for any modifications to criminal penalties. The estimates in this Incarceration Note make no assumptions about the larger impact on crime rates or costs to society or the State.

- This estimate makes no prediction regarding the likelihood that a prosecutor will charge an offense based on any proposed increases or decreases to the offense class level. This estimate also does not attempt to predict the impact of offense class changes on plea negotiations. FRD assumes the proposed offense class is charged and convicted at the same rate as the prior level.
- For reference, Appendix A to this document shows the costs per charge/conviction for each class of offense in North Carolina.

LEGISLATIVE FISCAL NOTE – PURPOSE AND LIMITATIONS

This document is an official fiscal analysis prepared pursuant to Chapter 120 of the General Statutes and rules adopted by the Senate and House of Representatives. The estimates in this analysis are based on the data, assumptions, and methodology described in the Fiscal Analysis and Technical Consideration sections of this document. This document only addresses sections of the bill that have projected direct fiscal impacts on State or local governments and does not address sections that have no projected fiscal impacts.

Note: Court costs reflect the average cost per disposition. Costs for active sentences, probation, and post-release supervision reflect the total cost of the sentence or supervision period. Active sentence cost represents the average monthly cost per offender, not the cost of adding one new offender to the prisoner population. Costs to the Statewide Misdemeanant Confinement Program (SMCP) only occur for active sentences > 90 days and for impaired driving.
